FAMOUS OUTLAW IS SHOT

BANKS PAYING OUT GOLD AT THE MINT

PORTLAND, Or., May 1.—The Telegram's correspondent at New Era states that the mous outlaw Smith has just been shot dead.

S. F. BANKS ARE PAYING OUT

SAN FRANCISCO, May 1—The most important development of today was the resumption of the banking business through the agency of the branch mint By means of certified checks depositors were enabled to secure small sums of money limited to $500 and business men placed in a position to attend to some pressing wants

The distribution of money was broad in a general sense, but limited to the individual With the possession of money many little improvements are looked for in the next few days among the small dealers, and the medium grade of merchants.

WILL STOP FRAUD.

The giving out of relief supplies has at last been placed upon a business basis According to one of the officials in charge of the work, San Francisco will hereafter be placed on the basis of a great wholesale business house, with its many checks and counter checks on fraud and waste, and as a result the money given for succoring the needy will be most wisely expended. According to the figures of the general committee the grand total of food supplies received here since the day of the earthquake is 8797 tons. The total amount of goods issued to the people today is 6596 tons, leaving the amount on hand 1901 tons The stock remaining consists chiefly of medical and food supplies.

NEW CORPORATIONS.

A little straw indicating the spirit of enterprise here was the filing today with the county clerk of the incorporation of three companies, whose avowed purpose is to do general contracting and constructing business They are composed of some well-known business men

YOELL WILL DESTROYED IN BIG FIRE

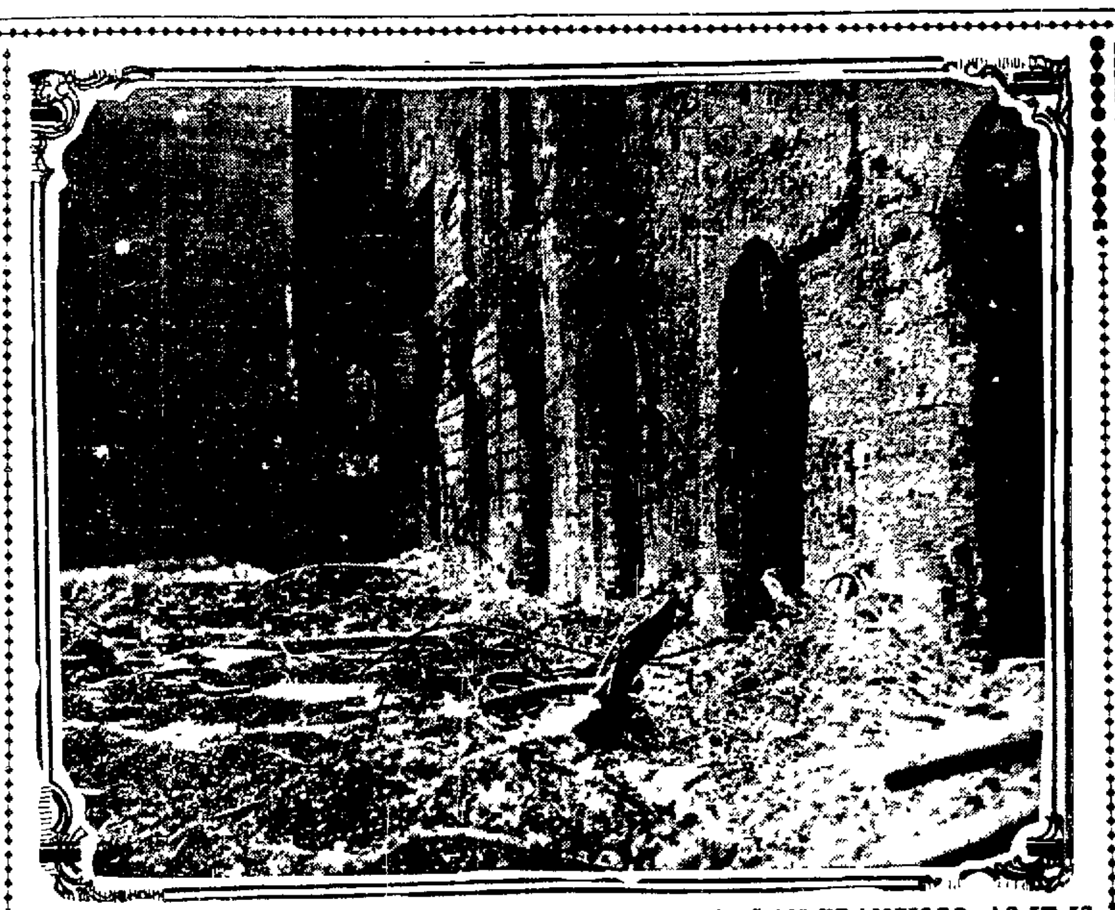
SAN FRANCISCO [illegible] 1—The will of J A Yoell over which a bitter contest was being waged [illegible] Judge Kerrigan's department of the Superior Court was destroyed in the fire It was stated by County Clerk Mulcrevy that these papers were in Judge Kerrge Lawlor's department were in the keeping What the effect of this loss will have upon the case is a matter the attorneys are not prepared to say Attorneys D M Delmas and Koeffler & Wheeler were representing the litigants

The papers in the case of Attorney George D Collins sentenced to fourteen years at San Quentin by Judge Lawlor's department in the Hall of Hall of Justice and were also destroyed Collins is now at Branch County Jail No 2 near Ingleside and in all probability will take any advantage the absence of the papers will give him

COUNTY CLERK FINDS VALUABLE PAPERS

SAN FRANCISCO May 1—County Clerk H I Mulcrevy [illegible] s entire force of deputies went to the City Hall this morning for t [illegible] se of rescuing what papers had had escaped the fire The vaults conta [illegible] wills not probated and important papers in litigation are reported sa [illegible] this connection County Clerk Mulcrevy said today

"I had the vaults opened by experts yesterday and they t [illegible] hat the papers inside are all right I kept al the wills that had not pro-bated in the vault and also a large number of papers in impor [illegible] as that were in process of trial"



THE FAMOUS PALM COURT OF THE PALACE HOTEL, SAN FRANCISCO, AS IT IS AFTER THE EARTHQUAKE AND FIRE.

SAN FRANCISCO WILL BE RUN LIKE A GREAT WHOLESALE HOUSE

SAN FRANCISCO May 1—Allan Pollock, member of the finance committee and appointed by them to act jointly with D Devine of the Red Cross as purchasing agent said today that for the first time since the catastrophe order was coming out of chaos

LIKE WHOLESALE HOUSE

"Tomorrow the city of San Francisco or what is left of it, will be conducted on the basis of a great wholesale house That is to say those in charge of the distribution and purchasing of supplies as well as those who are adjusting the many claims against the city occasioned by the commandeering of vast quantities of food stuffs will have the modus operandi so systematized that the duties of the various officials will be largely clerical

ORDER FOR FOOD.

"The finance committee has appointed three sub-committees under the titles of supervising, adjusting and auditing committees Today the supervising committee received a large number of blank requisitions This means that not an ounce of food will be purchased until application has been properly made upon a regular designated blank which in turn will be passed upon by the supervising committee and authorized by the auditing committee

In this manner not a dollar will be spent that is not accounted for This means of course that beginning with today the city will be run on a mercantile basis Dr Devine of the Red Cross society and myself have been designated to act as purchasing agents and it will be our duty to pass upon every one of these requisition blanks.

MANY CLAIMS FILED

For two days following the great earthquake and fire it was necessary for the city to feed its own people This meant that stores carrying stocks of groceries and medical supplies had to be broken into and the goods therein seized Of course such commandeered articles must be paid for and for the last few days the officials have been flooded with the claims of merchants whose stocks had been so confiscated We will act promptly upon these claims and within two weeks they all will have been paid That is all of the claims which upon their face are just The method of dealing with the claims will be as follows

PREVENT HIGH DEMANDS.

The claim will first be passed upon by the supervising committee and if it is just and honest, a recommendation will be made that it be paid In any case where a claim appears to be exorbitant or dishonest the same will be immediately thrown out and no further consideration given it This rule will be rigidly followed, but there may be instances where the committee is in doubt as to the justness of the claim presented In such cases the matter will be referred to an adjusting committee made up of leading merchants of the city, representing the different branches of trade For instance, on the committee will be a leading wholesale grocer, a prominent drygoods merchant, a liquor dealer, whose interests are so large as to cause the committee to desire his advice, together with men representing the hardware business the drug trade and many other different lines This board of arbitration will give final decision in these cases where there is a reasonable ground for difference of opinion

ADVISORY COMMITTEE

"To avoid all legal complications the committee will depend upon a counsel committee composed of Attorneys Garret McEnerney Charles N Wheeler Charles Heynemann All legal phases of the situation will be dealt with by this committee

GREAT DIFFICULTY.

The greatest difficulty that has yet confronted us has been the distribution of food and supplies at the various depots We have found that in many instances the unworthy were receiving double and treble rations while worthy families who have lost all were in dire want because they could not bring themselves to stand in line with the loafers who abused the charity extended to them Today the committee has perfected a system whereby those abuses will cease immediately and no family hereafter will be allowed to want for the necessities of life The new work will be under the direct supervision of Carl C. Plehn, of the San Francisco school department and a representative of the Red Cross Society

These two will enlist the aid of every school teacher in the city and such members of the Red Cross as will volunteer to act. This body of workers will make a house to house canvass in that portion of the city unburned and ascertain the number of children and adults in each household Upon the recommendation of the investigator a subsistence card will then be issued good for one week. Upon the presentation of this card at the proper depot one army ration for each person named thereon will be issued A strict adherence to the military ration will be observed in each instance.

NEW OFFICERS FOR TOWN OF EMERYVILLE

EMERYVILLE May 1—At the board of trade meeting last night at Emeryville the following appointments were made

L J Westlake was appointed superintendent of streets without pay; Thomas M. Badger was appointed town engineer, without pay except fees, John D. Colburn was appointed town trustee in place of William Sieldwick, F H Farr was appointed city clerk. George C Marr, E A Chappell and H Payton's appointments were confirmed by the board.

REBUILDING OF SAN FRANCISCO IN HANDS OF A COMMITTEE

SAN FRANCISCO May 1.—Mayor Schmitz was authorized this morning by the Citizens' Committee to appoint forty advisory members on the reconstruction of the city to act ir [illegible] tion with a committee composed of seven supervisors. On the advisory committee will be D. H. Burnh [illegible] hicago, who has already started west Galen Howard, the architect who planned the University of Cali [illegible] ildings, and Benjamin Ide Wheeler, president of the University of California All of the other citizens w [illegible] epresentative. The appointments will be made late this

HE TRIED TO KILL WIFE'S BETRAYER

Maddened by the alleged elopement of his pretty wife with Edward Hunter, a clerk, George T. Montgomery, the proprietor of the Essex Hotel, which was destroyed in the great San Francisco fire, this morning at 10 30 attacked Hunter with a revolver at the corner of Broadway and Twelfth street, and but for the prompt interference of Deputy Sheriff William Moffitt, would have killed the man whom he declares wrecked his happiness.

Montgomery was arrested on a charge of assault with a deadly weapon and he in turn caused the arrest of Hunter on a charge of adultery. Both men were lodged in the city prison, and bail in eah case was set by Police Judge Smith at $1000 cash or $2000 bond.

WIFE RAN AWAY.

Montgomery, who after the destruction of the Essex Hotel brought his wife to this city, where he has been staying at the home of a friend, whose name he refuses to divulge, declares that last night his wife slipped from the house and met Hunter, with whom she intended to elope. Montgomery this morning began a search for the pair, and finally met Hunter on the street at the corner of Twelfth and Broadway, while the latter arrangements to take the evening train for Los Angeles Montgomery sprang upon the man whom he charges with having stolen his wife, at the same time drawing a revolver from his pocket.

BADLY BEATEN.

The enraged husband rained blow after blow upon Hunter's head with the weapon, and was only prevented from killing him by the interference of Deputy Sheriff Moffitt, who was passing, and seeing the struggle sprang upon Montgomery, and disarming him placed him under arrest.

GREAT PROGRESS BEING MADE IN S. F.

SAN FRANCISCO, May 1.—May Day came to San Francisco gray and gloomy, but the dispiriting influence of the weather found no reflection in the mind of the community.

DAUNTLESS COURAGE.

The exhibition of the dauntless courage of the early pioneer continues to broaden with the advent of each new day. Among the ruins of the once great business houses temporary structures are arising in mushroom fashion, and the rivulets of commerce are beginning to move with increasing volume into broader channels.

NOT A PUFF OF SMOKE.

The full force of the disaster that has overtaken commercial San Francisco is best appreciated by making a trip from the Oakland side of the bay to this city. Along the entire sweep of the city front not a single puff of smoke is coming from the chimneys, which today stand as grewsome monuments to the awful work of two weeks ago.

In the heart of the city, on top of the great Merchants' Exchange steel structure the ascending black smoke told that life had been renewed within that once busy hive of industry. This was the one exception in all of the vast down-town district. Far to the south along the water front could be seen the plants of the factories in the Potrero district in full operation, a cheering omen of the remainder of the city.

PROGRESS MADE.

In the burned territory much progress has been made in the way of preparation for the new order of things. Scores of little wooden buildings can be seen in process of erection on all sides, and from the southern water front innumerable teams are hauling lumber for the temporary homes of the merchants and retailers. Further progress was made today in the extension of the street car service, and by tomorrow it is hoped to relieve the great congestion in the travel to and from the Oakland Ferries and in the suburbs.

OAKLAND BANKS DOING BOOMING BUSINESS

The financial situation in this city was never better than it is now, from the standpoint of Oakland bankers. In all of the local banks business has been [illegible] throughout the day. It is notable [illegible] the total absence of even the remotest suggestion of feverishness. "Conditions here," said one of the leading bankers, "are better than normal," and his statement was endorsed by the president of every other bank in town. In all of them the deposits have greatly outclassed the withdrawals. This applies to the savings as well as the commercial banks. The president of one of the latter said, enthusiastically, "commercial deposits have exceeded withdrawals twenty to one today. No limit has been placed on the withdrawal of commercial deposits. We are doing," he added, "a large banking business for San Francisco and are straining every nerve to accommodate it."

"The only limit placed upon the withdrawal of savings deposits," said the president of one of the banks, "is what the bank commissioners have made themselves, namely, $200. "But," he continued, "everybody wanting to draw money is quite satisfied with the limit. Few avail themselves of it. The amount of money which is being deposited is vastly in excess of that which is being drawn out. There is really no necessity for any limitation being put on withdrawals from Oakland's savings banks, for they were never better supplied with money than they are now."

"We are doing everything we can to accommodate the people of San Francisco," remarked another leading banker. "A big rush of their business has been thrown upon us, but we are exchanging drafts and accepting checks drawn on San Francisco banks."

"Firms and corporations from San Francisco, representing many millions of dollars, have opened accounts in our local banks during the past few days," said another bank president. "One of these new comers has just deposited $500,00 in coin in one of the local banks."

The Oakland Clearing House, which has been in operation for four days, is preparing to take possession of the one-story brick building adjoining the Masonic Temple on Twelfth street which was formerly used as a telephone station. Workmen are now fitting up its interior for its new uses. All of the associated banks of Oakland are represented in the Clearing House. The latter's business is conducted on precisely the same lines as the San Francisco Clearing House. Its introduction marks a new era in Oakland's commercial and financial life.

BELL THEATER MONEY.

Mayor Mott today received a check for $138 70 from the Bell Amusement Company, proprietors of the Bell Theater. This sum represents 20 per cent of the proceeds of the performances given in the Bell last Saturday and Sunday.

SAN FRANCISCO, May 1.—Major-General Greely, Governor George C. Pardee and Secretary Victor H. Metcalf, the personal representation of President Roosevelt here, accompanied by a number of others, went to Santa Rosa yesterday and made an inspection of the ruin there. In speaking about the trip this morning, General Greely said:

"Secretary Metcalf and myself both thought we ought to see for ourselves the damage that had been done. For a small place it was even more depressing than the scenes we have about us. Nearly every building in the business portion of the town is a wreck. For the size of the place the damage was very great."

Asked if he would take charge of the distribution of supplies there, General Greely said: "We distribute no supplies to any place unless the Mayor of the city certifies to us that the town is in need. Then he must designate some one man to receive them who will be responsible for their proper distribution."

"A bird in the hand," he said, "is worth two in the bush."

She looked up from a reverie.

"Yes, dear," she agreed. "The birds in the bush may carol very sweetly, but it takes a bird in the hand to trim a hat with."

Already it will be perceived, her thoughts were on her Easter bonnet.

WAS FELT AT SEA

SAN FRANCISCO, May 1.—The earthquake shock which was the primary cause of the destruction in this city was felt far out at sea and ships have repored that it jarred the waters and caused the boats to shudder as though they had struck a reef. The officers of the big German ship Uarda state they were about five miles out at sea, off the Golden Gate waiting for a pilot, and that the shock caused a great commotion on board, the officer in charge believing the ship had drifted on a hidden reef.

He immediately ordered soundings to be taken and found plenty of water.

The matter remained a mystery until the pilot came aboard, when he told them of the earthquake. This is the ship upon which Abe Ruef and a number of his friends took refuge later from the fire which burned over the hills above North Beach.

A similar experience is reported by the steamer Breakwater, which was off Point Arena at the time. The shock caused the ship to shiver and soundings were taken to ascertain if the boat had run aground.

TEACHERS PAID IN ENCINAL CITY

ALAMEDA, May 1.—Official affairs in Alameda are beginning to be settled and the city officials will be paid sometime this week. The teachers received their pay today. The Alameda Board of Education will hold its meeting tonight. The school board and board of trustee are to meet in the rooms of the board of health hereafter, owing to the fact that the City Hall tower is unsafe, and will have to be removed.

The city has expended $630 for special policemen, all of whom were called off last night, only the regular force now being employed.

SKATING RINK TO OPEN TUESDAY

The Piedmont skating rink will open next Tuesday and continue open every morning, afternoon and evening, the same as heretofore. Manager Eppinger states that he will give 50 per cent of the gross receipts of the first three nights to the relief fund.

DONATION BY COUNCILS OF PHILADELPHIA.

Governor Pardee has been notified that the City Councils of Philadelphia have voted $100,000 for the relief of the earthquake sufferers in this vicinity. This sum is in addition to the $250 000 dollars collected by the Permanent Relief Committee of that city.

NO DISEASE.

ALAMEDA, May 1.—There has been no trouble with malignant diseases in Alameda since the disaster. There has been but one case of diphtheria and one death.

ADELPHIAN CLUB.

ALAMEDA, May 1.—The Alameda Adelphian Club has adjourned the sub-work of the club until September 1, as many of the ladies are active in the work of relief here and in San Francisco. The club rooms in Park Row Building have been dismantled and the furniture stored in the homes of the members. The relief work for the present consists of distributing contributed clothing to the sufferers, and making up of new material into aprons for the nurses in San Francisco.

Mrs. J. C. Seigfried and Mrs. L. L. Gillogly are at the head of the relief committee. Mrs. E. J. Dodge is at the head of the sewing committee.

THIS COMPANY IS PROMPT.

The Continental Fire Insurance Company is now paying off their losses, at the office of Stewart and Brown, at the southeast corner Broadway and Eighth streets.

Good tea and coffee are almost good eating—Schilling's Best.

Observations of the Office Boy

When I lived in Indiana, everybody had chills and fever—every other morning everybody (that was anybody) had a good, hard shake. It was a regular fad. When you met a friend you would say: "Well, how did you shake this morning" and "good morning have you had your shake yet?" People got so they couldn't start in on a day's work without a shake—babies cried for it. Old folks complained unless they had a good hard one. People just hankered after 'em. Gee, last Wednesday morning at 5 a. m. I thought I was back in Indiana. It seemed like old times. I fell into the habit just as easy. Teeth begin to rattle, head began to wobble, and I'll be kicked if I wasn't homesick for a little while—(Seasick too.) Well, there's one thing you can't shake and that is confidence in this store. People know they are going to be treated right before they come in. After they are here they know they are all right 'cause everything we sell and everything we do is on the dead level. Sounds like self praise but it's gospel truth. Try it.

WILLIE, with C. J. HEESEMAN.

BANKS ARE OPEN AT SAN JOSE

SAN JOSE, Cal., May 1.—All the **banks** in this city are opened today. **Ample funds**; no rush.

GOV. PARDEE TELLS OF TRIP TO SANTA ROSA

Governor Pardee has returned from a trip which he made to Santa Rosa for the purpose of ascertaining how severely that town suffered in the recent earthquake. He left here yesterday afternoon at 3 o'clock and returned last night at 11:30 o'clock. He then went to work in his headquarters in the City Hall and until 1:30 o'clock this morning was kept busy handling a mass of mail and wire correspondence which had accumulated.

In speaking of his impression received at Santa Rosa, the Governor said to THE TRIBUNE reporter

"The main street running for at least half a mile and extending back to the street on either side has been shaken flat absolutely. The main street has been absolutely ruined. Nothing has been saved. Three and four-story buildings are down and the people in them have lost everything. The citizens are grieved but they are undaunted, although they realize the graveness of the situation, but they are not down and out. They are working with great spirit and energy in clearing the ruins with a view to rehabilitating the place in some way as soon as possible.

"We are going to try to relieve them in some way, but we have not yet decided what we shall do"

The following is the official list of dead and missing up to date:

THE DEAD.

Louis Blum, proprietor "Sample Rooms;" James Bayes, Napa; John Baylor Jr., Capital Saloon; John Baylor, Ter, son of above; Mrs. R. H. Brown; J. Bratker; George Bluth, carrier, Press Democrat; Willie Bluth, carrier, Press Democrat; You Biu, Chinese; F. W. Carter, jeweler; Mrs F. W. Carter, wife of above; Joe Curry, bartender; R. B. Churchhill, hop man with Horst; Mrs. Jessie De Young; Charles De Young, son of above; Violet De Young, daughter; Wayne Day, Palmgarden Saloon; J Domeniconi, Western Hotel; Smith Davidson, capitalist, F. Dowling, employe City Stables, Mrs. Ely Grand Hotel; Marshall Ely, son of above; Miss Excella, Novelty actress; Milo H. Fish, pressman, Press Democrat; Miss Phoebe Green, stewardess, St. Rose; E Geddeni; N. L. Jones, manager Telephone Company, Grand Hotel; E. B. Knapp, travelling man, David Kennedy; little girl (unknown), Ramona Lodging House; Eli Loeb, merchant, S. H Look, shoe merchant; W. H. Mallory, insurance man, Stockton; Mr. Murphy, Eagle Hotel, Mrs. H H. Moke, Miss Louise Moke, daughter of above: Truman McCord, bartender; John Murphy, traveling man, St. Rose; Mrs C. E. Manning, wife of proprietor Grand Hotel; Manning, baby daughter of above; F. Harry Newman, druggist; William Peacock, contractor, S E. Occidental Hotel; Mrs William Peacock, wife of above; E. M Pedigo, real estate man; Miles H. Peerman, former constable; Miss Willie Reid, school teacher; Mrs. A. S. Rodgers, dressmaker; —— Robertson, traveling man; Walter Renck, grandchild of A. H Kaiser; Fred Schieffer, lineman; Charles Shepard, carrier, Press Democrat; Y. Shiriki, Japanese; Nick Sanford (or Stanpfle), Los Angeles; Walter H. Smith, traveling man; J F Smith, traveling man; Marshall F. Thrasher, Guerneville; C. Trudgen, drug clerk, M H. Dignan; Joe Woods, hop buyer; N. K. Westcoatt stepfather of Mrs. Speegle; Ton See Wang, Chinese; A. William Westran, Redwood City, Eagle Hotel.

THE MISSING.

George Anderson, from East; Edison Bishop; Fred Gotloff; Miss Annie Comley, Vallejo; Mrs. Hyde; J. Kruse, Vallejo; K Kane; K. Kegee; Andy Lee; Mrs. Muller; —— Muller, sister of above; Fred Thurber; Mr. Valley.

RELIEF WORK IN ALAMEDA TO END

ALAMEDA, May 1.—There is a probability that the military relief organization of Oak street, which has taken care of 1000 refugees from San Francisco, will be removed to San Francisco shortly.

The work in Alameda is nearing a close. In the Masonic Hall the work of the Masons will probably be lessened, and no more hot meals will be served. The Elks are to hold a meeting and consider the condition of the affairs.

ALAMEDA SALOONS OPEN TOMORROW

ALAMEDA, May 1.—Chief of Police John Conrad announced this morning that the saloons would open tomorrow morning, and would remain open until further notice, between the hours of 8 a. m. and 6 p. m.

SOME CURIOSITIES.

Did you ever see a catnip tea?
 Did you ever hear a dogwood bark?
Did you ever find the airflue open,
 Or an ordinary horsefly ma..?

Did you ever see a wheelwright well?
 Did you ever hear a baseball shout?
Did you ever watch a clambake dinner?
 Or listen to a tin roof spout?
—Baltimore American.

EVIDENCE TO THE CONTRARY.

Bobby—I know Roosevelt did so write the Constitution!

Tommy (who overhears his papa)—I know he did not, 'cause the constitution says there's to be a Senate!—From the American Spectator.

SALOONS TO BE OPENED TOMORROW

The saloons of this city will be reopened tomorraw, but extreme caution has been promised by all the owners in the selling of liquors. The doors will be opened at 8 o'clock and closed at 6 o'clock in the evening.

By unanimous vote the City Council has granted permission to saloons and restaurants to sell liquor under the following conditions:

All saloons are allowed to open and sell wines, liquors, beer, etc., beginning Wednesday, May 2, 1906, from 8 o'clock a.m. to 7 o'clock p. m.

All licensed restaurants are allowed to sell wines, liquors, etc, from 8 o'clock a. m. to 7 o'clock p. m.

All wines, liquors or beer sold must be consumed on the premises where sold.

No wines, liquors or beer shall be sold or given away to any soldier or sailor either regular or volunteer.

No wines, liquors or beer shall be sold to any person showing signs of intoxication

A violation of any of the above conditions shall be cause for revoking of liquor license of the saloon or restaurant so offending.

COHAN AS NEWSBOY

The following is from the New York American of April 20: "George M. Cohan, star and author of 'George Washington Jr.' played a new role yesterday—that of newsboy. It was the best of the many good parts he has successfully enacted, and he made an instantaneous hit. His stage covered an area of more than half a mile, the scenes shifting from Thirty-fourth street to Forty-second street, Broadway to Fifth avenue. His audience was perhaps the bigest he has ever had—something like 25,000 persons.

"It was for the benefit of the New York American's Relief Fund that the famous 'Yankee Doodle' comedian went out into the streets of New York and sold newspapers. In the single hour he was able to devote to the cause Mr. Cohan added $1,431.02 to the fund. He bought the first paper himself, paying for it the magnificent sum of $1000. It was 5:30 p. m. when Mr. Cohan, accompanied by his manager, Sam H. Harris, Joe Humphries, the well-known announcer at sporting events, and Walter J. Moore, mounted a wagon filled with the latest edition of the Evening Journals, and took up a stand at the northwest corner of Broadway and Thirty-fourth street.

"Mr. Humphries announced to the gathering crowd what Mr. Cohan was there for and the announcement had a magical effect. Hundreds immediately pressed around the wagon and bought papers, tending copers and bills. Cabmen, chauffeurs and wagon drivers leaped from their vehicles to contribute, while salesgirls, coming out of Macy's and Sak's, also helped the noble cause. Even newsboys, sinking personal concern over their own papers, gave what aid they could. Now and then a policeman dropped a coin into the wagon. While Mr. Cohan was on this corner Maurice Mendham, the Wall street broker, came along in an automobile. When he learned what was going on he ordered his chauffeur to stop and called over to Mr. Cohan for an Evening Journal and in exchange tendered a crisp $100 bill.

"After a little while Mr. Cohan proceeded to Broadway and Forty-second street, halting in front of the Hotel Metropole. The proprietors of the hotel, George and John Considine, came out and each paid $15 for a paper. When Miss Vesta Victoria, the popular vaudeville artist, stepped demurely up to Mr. Cohan and gave him $100 for another copy the great crowd cheered again and again. Mis Ethel Levey, the well-known actress, received a big ova[illegible]tion when she paid $20 for one of [illegible] Evening Journals. Then a poorly dressed old woman, who looked as though she needed every penny she had, tottered to the front and gave half a dollar for a paper. The actor-play[illegible] the half dollar, but he feared this would hurt the feelings of the old lady.

"Next Mr. Cohan and his volunteer helpers went to the southwest corner of Fifth avenue and Forty-second street. Here occupants of cabs and automobiles stopped to asist in succoring the needy of stricken San Francisco. Two young women who said they hailed from the Golden Gate handed over $5 each for papers. After a short stay on this corner Mr. Cohan proceeded to the northeast corner of Broadway and Forty-second street. One of his first customers here was George Gray, a legless newsboy, who hobbled up to the wagon on his stumps and paid a dollar for a paper. Among others who bought Evening Journals from the Good Samaritan and the sums paid for them were: Jules Hurtig, $10; L. Lawrence Weber, $10; Lee Harrison, $10; Thomas E. Shea, $5; Fritzi Scheff, $2; Edward Burke, the bookmaker, $5; Fred Mills, the music publisher, $5, and 'John the Barber,' of West Thirty-sixth street, $5.

"Though the dashing young comedian put in one of the most strenuous hours he ever experienced he played 'George Washington Jr.,' at the Herald Square Theater last night, with as much vim as ever. He said that the good work he had done as newsboy had given him new inspiration.

"Today, from noon until 1 p. m., Mr. Mr. Cohan will sell papers at the corner of Broad and Wall streets, and between 5 and 6 p. m. at Broadway and Fourteenth street and Broadway and Twenty-third street. Again the entire proceeds of his sales will be donated to the American's San Francisco Relief Fund."

SYLVAN BEAUTY IN WINTRY HOMES.

Just now it happens that a hostess who feels she has a reputation to keep up must transform her home into a replica of sylvan beauty. That's only the fad of doing things that nature won't. If it were summer, the fancy would be for icebergs and frozen stuff, including the faces of the guests. When Caruso caroled for the guests at Mrs. Perry Belmont's, her music room was like an ancient forest, so clever were the reproductions of trees, hanging vines and w[illegible]. When Mrs. Elkins opens her [illegible], the finest in Washington, she [illegible]ls, ceiling and balconies wreat[illegible] natural vines, while rustic [illegible] tables are used as profusely [illegible] roof garden. To give fetes out [illegible] is the hallmark of ingenuity [illegible]oon sought by all social leader[illegible] York Press.

CHINESE ARE IN NO DANCER

BERKELEY, May 1.—If the words of an expert are true, the "heathen Chinee" will still have his chop suey, his opium pill and his dried shark. The fears of the many for the yellow men are groundless, for the Mongolian is well and alive and not, as some believe, a starving outcast on a foreign shore, now that his beloved Chinatown is no more.

Complaints that starvation is facing the Chinese refugees have been swamping the mails ever since the earthquake. Dr. Devine, head of the Red Cross Society, has received thousands of letters from sympathetic citizens asking him to look after the condition of the Chinese who have fled the burning city. Their prayers were answered and the Doctor at once dispatched David D. Jones, of 1334 Adeline street, Oakland, to investigate the condition of the Chinese around the bay.

David D. Jones is a Welsh minister, for many years a missionary in China. He is perhaps one of the best interpreters of Chinese to be found in the world. Jones visited all the Chinese in Berkeley, Alameda, Oakland and San Francisco and found that they are as well cared for as the whites, and in a majority of cases they are even better off than their white brothers.

NO MORE RICE NOR OLD SHOES.

It looks as if the marriage globe of India may find adherents among America's novelty loving families. At all events it was started rolling in Waldorf-Astoria Tuseday morning when Mrs. Edward Adison Greeley talked to Causerie women of "India, the Gold Pit of the World," and displayed many beautiful brasses of Indian workmanship. Among these treasures was a sphere almost a foot in diameter and made of glass almost covered with a beautiful design in brass scroll work. Inside of this ball is a little lamp, which is supposed to be lighted when it is rolled after a bride setting out on her wedding journey—for in India it appears one's kindly feelings toward her are expressed other than by a shower of rice or a storm of old shoes. At the causerie the mother of a debutante who will step to the altar this month, was so captivated by the artistry and sentiment of this Indian product that she persuaded the woman in charge of these treasures to sell it to her, and she purposes to put it to use the day of her daughter's wedding.—New York Press.

ELIJAH.

How are the mighty fallen,
 No more the third is he;
Instead we christen Dowie
 Elijah 23.

LOST TRUNKS AT CITY PRISON

People who lost runks in San Francisco may be able to find them in this city.

In one of the rooms of the city jail there are stored seventy-five trunks of all shapes, sizes and conditions, which were rescued from the looters and flames in San Francisco on the days when the people were driven from their homes and hotels by the advancing flames.

These trunks may be reclaimed by the owners without expense by proving property.

Claimants must make application to Chief Wilson at police headquarters.

The applicant must give a perfect description of the trunk or trunks of which he is in search. This description must include the kind of material, shape, size, condition of straps and handles of the trunk, and the names or initials marked or embossed on top, sides or ends. To supplement all these the claimant must have in his possession the key to the trunk or trunks.

IN THE GREAT RACE.

There is a team that all men long to drive,
 'Tis fairly named Good Fortune and Good Luck;
But even this pair always must arrive
 Behind the team called Worthiness and Pluck.

BIG DEPOSITS AT BERKELEY

BERKELEY, May 1.—That the banks of Berkeley have not been suffering a financial loss by the San Francisco fire is shown by the fact that the deposits are more than sixteen times greater than the withdrawals.

In the two days of Thursday and Friday last, since the First National Bank of Berkeley opened after the holiday proclamation of the Governor, the increase in deposits was over $84,000 mostly in new accounts.

In addition, more than sixty safe deposit boxes that have been taken by the new customers of the institution. The amounts withdrawn have only totaled $3000.

FED MANY AT CHURCH.

BERKELEY, May 1.—The members of the congregation of the Trinity M. E. Church have been doing heroic work looking out for the refugees who have drifted into Berkeley since the earthquake and fire. Over three hundred people have been fed daily at the church and a hundred and fifty housed at the building and in tents. The congregation provides three meals a day for the hungry ones.

THOUSANDS FED AT CAMP

One thousand people were fed yesterday at the city camp, and according to the report made by Clerk Francis Dunn, the registration yesterday reached 786.

Improvements are going on daily. Four bath houses have been added to the equipment of the places.

Food and clothes are being distributed in large quantities to the needy and the employment bureau is furnishing work for many self-helping people.

A corps of nine nurses arrived last evening and are awaiting orders at the hospital.

There is no serious illness in the camps and the largest number of cases are reported for the dressing of wounds or slight ailments.

ARCHBISHOP THANKS GOVERNOR PARDEE

Governor Pardee is in receipt of the following letter of thanks from Archbishop Montgomery, the Catholic Coadjutor Archbishop of San Francisco:

"ST. MARY'S CATHEDRAL, 1100 Franklin street, San Francisco, April 29.—His Excellency, George C. Pardee, Governor of Cal., My Dear Governor Pardee—I beg leave to thank you very sincerely for your telegram of April 23nd, acquainting me of the action of Bishop Conaty in reference to our heavy losses. Mails and telegrams from this side of the bay are so uncertain that I presume the bishop thought that was the shortest way to reach me. Thanking you not only for this courtesy, but for the assistance that you have extended to us in the protection of the city at so critical a moment, I remain sincerely yours.

"GEORGE MONTGOMERY,
"Coadjutor Archbishop of San Francisco."

POUNDS OF GOLD FROM CRIPPLE CREEK.

"Four thousand dollars in gold from the California Relief Committee of Teller county, Colorado, shipped today and more to follow," is the cheery way Chairman Pfeffer of the committee, Cripple Creek, informs Governor Pardee of the liberality of that town.

BOULEVARD THE CITY

The following communication is self-explanatory:

"Oakland, Cal., April 29, 1906.

"To the Honorable, the Council of the City of Oakland—Gentlemen: The necessity for wide, empty spaces, parks or boulevards across thickly built-up cities, to prevent the spread of fire, is clear to all as the lesson of San Francisco, and also of Baltimore's disaster. Oakland is on the eve of a great growth, and numbers of tall buildings are sure to be built close together or spaced in between the older frame structures, thus greatly increasing the risk of fire and of wholesale conflagration. If any move is to be made to construct cross-town parks as a precaution against such a horror as our chief city suffered, it must be made at once before expensive buildings and enhanced land values make the cost prohibitive.

"I, therefore, respectfully recommend that your honorable body take this matter under immediate consideration.

"As a basis of discussion, I suggest the following consideration being given to values of land.

"First: A strip a block wide extending from Adams Park to West Oakland Park, forming a fire break from Lake Merritt to the bay shore. This should be located along Twenty-second street as a protection to the main lake sewer. This sewer throughout its length is placed with its bottom at a lower level than the ordinary level of the lake, so that, in case of failure of the fresh water supply, the fire engines could use salt water from this sewer. Even if badly cracked, this source of water supply is not likely to be cut off, and would be invaluable in an emergency. My opinion is that this land should not cost to exceed $1,250,000 to $1,500,000, but as it is in the line of business growth, a few years' delay would easily double this figure. This strip would fit in readily with any park system about the lake and would be worth all it cost merely for its benefits as an ornament through the heart of the city.

"Other desirable boulevards are as follows: One running north and south, say the block west of Market street, extending from the estuary to Temescal Creek, and thence turning northeasterly along Temescal Creek to the city limits; another, the long talked of Cemetery Creek boulevard, built on a liberal scale; another, a wide strip along Indian Gulch, to be taken before it becomes too valuable, and to include the flats at the head of the northeastern arm of Lake Merritt, and another along Fourteenth avenue from the water front to Indian Gulch. All these latter, with the exception of the southern part of the first named, are located on comparatively low-priced lands, and should not exceed $750,000 to $1,000,000 in total cost in my judgment.

"Oakland is entering upon a new period in its history. The day of small things is passed, and it is surely destined to become a great city, if full encouragement be given for such development. Doubtless, first in importance in furthering such developments is the provision of adequate facilities for deep-sea shipping, but this must needs be left to the private owners of our water front, and, for the present, is almost entirely beyond the control of the public authorities. But this matter of planning broadly a system of wide boulevards for firebreaks, is nevertheless of prime importance, as it will tend to calm fears of a like calamity here to that of San Francisco, and thus induce people to build their homes and establish their business in our midst. The cost, of course, will be large, and the off-hand figures given above may be greatly in error, but in five years our assessed valuation will be doubled and our commerce fourfold what it is today.

"Very respectfully,
"F. C. TURNER,
"City Engineer."

TWENTY-NINTH SENATORIAL.

Boulder Creek—I believe it will be necessary for the Legislature to meet in extra session, just as soon as some estimate of the expense required for State institutions can be had. I also believe the State of California should extend some aid to the needy and distressed of those suffering from the earthquake. S. R. RAMBO.

FIFTIETH ASSEMBLY.

Oakland—We should wait until we know what we want in the way of legislation and then hold as short a session as possible. JOHN A. BLISS.

SIXTY-FIFTH ASSEMBLY.

Huneme—I think we should not make haste to call the Legislature together. Perhaps it may be necessary to take such action later on. I would favor extra session only should the business of the State so demand, and there will be plenty of time to call the Legislature after the necessity for such session shall have been made evident.
D. T. PERKINS.

WORK FOR WOMEN

Hundreds of women and girls have already applied for work to the Oakland Free Employment Bureau for women and girls, at the Masonic Temple. Every profession and trade is represented among the applicants, many of whom are willing to leave town. If employers throughout the interior, as well as those about the bay, will send to the agency a list of the positions they desire filled, together with particulars, every effort will be made to supply their needs. The ladies in charge are a sub-committee of the General Relief Committee of Oakland, and they are ably assisted in their work by Miss Kate Plunkett and her sister, of San Francisco, who have generously donated their services for an entire month. Papers of the interior will confer a favor by making public the facts of the work, in order that the demands may be filled. There are stenographers, cashiers, cooks, domestics, factory hands and workers of every description awaiting work.

An endeavor has been made to locate all applicants for positions, and among the many on hand today, only two were found to be unchaperoned by friends or relatives.

BERKELEY COUPLE TAKE HYMEN'S VOWS

BERKELEY, May 1.—A the home of the groom's parents, Miss Gertrude Davis of San Francisco was united in marriage to Leo D. Van Gelder of Berkeley. The wedding took place at 1511 Fairview street. Rev. Friedlander of San Francisco officiated.

The bride was attended by the sisters of the groom, the Misses Carrie and France Van Gelder. They were daintily attired in gowns of white point de sprit and carried long stemmed pink beauty roses. Following the ceremony the bridal party gathered at the wedding supper. In the midst of the supper the bride and groom slipped away, but not before they were well showered with the customary rice.

Mrs. Van Gelder is the daughter of Mrs. Rose Davis, formerly of San Francisco, and the groom is the son of John Van Gelder, who is prominent in fraternal circles in this city.

MISSING PRESIDENT OF CLASS FOUND

BERKELEY, May 1.—W. D. Duggin, president of the sophomore class, who during a fit of temporary insanity, eluded his guards who were taking him home, was found stopping with friends at 650 Second street, San Jose.

It seems that Duggin had escaped from his guards at the Oakland mole while waiting for the train to Sacramento. He boarded the San Jose local and arriving at that place was found wandering around the town by the police. He was taken to the home of his friends at that place and his club at the University was notified.

George Baxter and Charles Walker at once left for San Jose to accompany Duggin to his home in San Bernardino.

SUMS FOR RELIEF SENT TO GOVERNOR.

Relief sums have been received by Governor Pardee as follows: Lunn & Lynn Shoe Company, Auburn, Me., $25; D. Y. Cooper, Henderson, N. Y., $100; Tate, Ga., $25; Grant City, Mo., $20; Soldiers' Home, Orting, Wash., $197; Republic, Wash., $208; Coulee City, Wash., $112.25; Leavenworth, Wash., $100; Oregon City, Or., $1500; Globe, Ariz., $2000; Ravenna, Tex., $20.50; Lemoore, Cal., $82; Waelder, Tex., $25; Minneapolis, Minn., $525.50; New Orleans, La., $100, in addition to earlier donations; Clifton, Ariz., $490; Carrollton, Ga., $600; Wilmington, Ohio, $840; Congers, Ga., $100; Pensacola, Fla., $500; Chester, Pa., $2000; Council Bluffs, Ia., $4000.

MODEL CITY FOR REFUGEES

The Hearst Tent City on Adams' Point promises to be a model city within a few days. Three hundred people are housed in the tents already built and the city complete will shelter seven hundred people.

Walter Leland Stanford of Los Angeles is in charge of the camp and the plans for the tent city were made by John C. Ince.

The city will include the tents, kitchens, hospital and reading room. Every inhabitant of the city will work and the entire institution will be self-supporting.

The military guard will be continued and discipline and order will prevail in the camp.

At present there are fifteen sick in the hospital and four nurses and three physicians are in attendance.

POND'S EXTRACT
THE OLD FAMILY DOCTOR

BABY'S TENDER GUMS

Pond's Extract keeps baby's tender gums in perfect health and comfort during the painful teething period, quickly soothing and subduing the inflamed condition.

Hardens the gums, prevents their bleeding, cures canker spots and sore mouth, removes bad taste and makes an excellent mouth wash for old or young. Removes inflammation, internal and external.

Witch Hazel is not the same thing. On analysis of seventy samples of Witch Hazel—often offered as "the same thing"—fifty-two were shown to contain wood alcohol or formaldehyde or both. To avoid danger of poisoning use

EXCURSION STEAMER SINKS!

TORNADO!

SWEEPS THROUGH A COUNTY IN NEBRASKA

MEDFORD Neb May 1—A tornado **swept through** Furnas county yesterday, destroying many buildings No **fatalities are** reported though many **persons were** injured

The most seriously injured are Bertha Hartman, twelve years old internally hurt, condition critical Miss Annie Hartman painfully bruised Mrs Rosa Drew bruised

The storm came from the southwest **and so far** as known the first house **struck** was that of John Reynolds about five miles west of Oxford This was destroyed but the inmates escaped serious injury

The houses of Fred Har man and Fred Drew were next demolished Here the people were not so fortunate nearly all being more or less hurt and one at least received injuries from which recovery is doubtful

The residences of Fred Toos and T J Cook were wrecked as were the school houses in the Buffalo and Morning View districts beside scores of barns and other farm buildings The storm passed to the northeast

MOB OF MINERS FIGHT TROOPERS

MOUNT CARMEL Pa May 1—The first serious collision in the anthracite coal regions since mining was suspended on April 1 occurred here yesterday between a mob of idle miners and a platoon of the new State constabulary force and resulted in the injuring of probably twenty men three of whom will likely die

The disturbance was caused by an attack on a detail of the State police by several hundred foreigners who became incensed at the presence of the constables They threw stones at the policemen and otherwise endangered their lives to such an extent that they were forced to fire on the crowd which had swelled into thousands

GREAT EXCITEMENT

The greatest excitement was caused in the many mining villages of the Southern coal fields when it became known that mine workers had been shot down but tonight the affected territory is comparatively quiet

While it is believed that a score of persons were injured during the [illegible] only ten are accounted for Three who it is thought will die [illegible]

Louis Wilson shot [illegible] the body
R Miservich shot [illegible]
Stanislaus Watal [illegible]

THROWING STONES

Wilson was shot while standing in front of his home a [illegible] block from the scene of the conflict H R [illegible] a trooper was struck on the head with a rock and seriously hurt

The presence of the troops on the main street of the town caused a crowd of mine workers to gather about them and the bolder ones in the crowd began to stir up trouble The [illegible] closed in upon the State police and began throwing stones The troopers charged the mob and scattered it [illegible] fore several men were [illegible] a trooper

Lieutenant Smith drew his men into line and threatened to shoot if the mob renewed the attack In the meantime the local leaders of the mine workers circulated through the crowd and ordered the infuriated foreigners to disperse and keep the peace The chief burgess who is a member of the Mine Workers Union addressed the crowd [illegible] and advised them to go home

This action had cooled the crowd off and the detail of troopers started for the Sayre Colliery of the Lehigh Valley Coal Company on the outskirts of Mount Carmel where a nonunion man had been attacked by foreigners Saturday night

MO BFOLLOWS TROOPS

Some of teh mob persisted in following the troopers and some of them threw stones at them which was followed by [illegible] of others

Lieutenant Smith who led his men [illegible] gave the order to fire and it sent three volleys into the mob [illegible] back and ran Half a dozen men were left lying on the ground and they were later picked up and carried [illegible]

The troopers did not pursue the crowd but continued on their way to the Sayre Colliery From that place Lieutenant Smith communicated with State Police headquarters at Pottsville and would immediately came back to hold his ground until reinforcements arrived

In the meantime local constables on behalf of the mine workers arrested Lieutenant Smith on the charge of assault and battery with intent to kill He was held in $500 bail which was furnished

The troopers encamped last night at Stewartsville near the Sayre Colliery No further trouble is expected

ENGAGEMENT OF MISS NOELLE DE GOLIA

The engagement is announced of Miss Noelle De Golia daughter of Mr and Mrs George E De Golia and Chalen Parker of Berkeley The wedding is to take place next month and will be quietly celebrated

WE ARE BETTER FOR THE EARTHQUAKE SAYS GERTRUDE ATHERTON, AUTHORESS

GERTRUDE ATHERTON

Gertrude Atherton the well known American writer who is at present residing in Berkeley had many adventures in [illegible] San Francisco [illegible] She views the situation from a philosophical standpoint and asserts that San Francisco [illegible] will [illegible] greater and a far better city than it was Mrs Atherton claims that the people who [illegible] the shaking up that they received will be a great benefit to them in the future Mrs Atherton will [illegible] for [illegible] months She is engaged in work on a novel which deals exclusively with [illegible] in the early pioneer days Upon the completion of the novel Mrs Atherton will leave for [illegible] to [illegible] work on another book which is in the last stages of completion Here is her story of the earthquake

By GERTRUDE ATHERTON

When the earthquake came I thought it was going to be an unusually severe earthquake but a short one so I staid in bed Then when it paused a second to take breath then went on with a redoubled violence I got up and stood in the doorway

I am not particularly afraid of earthquakes although I think them profoundly interesting I have no morbid love of them I hope I may never feel another

I dressed immediately and started for San Francisco All my fine clothes furs hats as well as about 40,000 words of my new book were packed away in the cellar of the Occidental Hotel

NEVER WORRIES

I never worry about anything I can't help I am far better off than most because I have a few things over here

The various members of my family were in the city and in Belvedere It was impossible to enter the city as there was a curtain of fire and flame before the ferry and the boats were not running to Tiburon

I tried again that day and twice the next day to get to Belvedere in the regular manner meanwhile having no news of any members of my family

Finally I went to Oakland Creek to see if I could hire a launch They were all running to San Francisco and would not go to Belvedere

Finally I found a man with his pleasure launch His name was W E Keith he took me to Belvedere and charged me fifty dollars

VIVID SCENE

It has taken me two weeks to get back to my book The scene of it is one hundred years ago this month but I have never been in so vivid a present I have never known anything more interesting than the psychological result of this earthquake not only has it brought out the best in everybody but it has almost recreated everybody who was meandering along in a rut and given them an intense and adventurous interest in life It has created a new capable and experienced set of pioneers

It has improved everybody's health that I have met and I don't believe there is a blase person in the State today

BEAUTIFUL CITY

With the intense energy and optimism that everybody is showing the general spirit of the times the immense resources at the command of the capitalists and the opportuneness of the fire regarding the widespread interest in the Burnham plans, I think there is no possible doubt that before five years are past we will be one of the most beautiful cities in the world, and far more prosperous and important than ever before

This catastrophe will be as great a factor in the future greatness of San Francisco as the most historic of fires was to London

PASSENGERS GO TO THEIR DEATH WHILE SINGING

GUERNSEY, Channel Islands, May 1.—The passenger steamer Courier, with a crew of nine men and carrying about twenty excursionists foundered near here yesterday. The steamer struck a submerged rock two miles from Sark. The disaster occurred in beautiful weather The excursionists were singing on the deck when, without the slightest warning, the vessel struck Soon she sank head foremost. One boat got away with several passengers, but others were thrown into the water Life belts had been distributed and this enabled most of the passengers to clamber up slippery boulders or cling to floating wreckage until they could be rescued It is believed that altogether eight or nine were drowned

SCHOONER WRECKED NEAR VANCOUVER ISLAND.

VICTORIA, B C, May 1.—The halibut schooner Kilmeny was totally wrecked on a reef off San Jose Bay, at the northwest end of the Vancouver Island coast on April 21st. Captain Schou and his crew of four escaped and camped near the wreck until the steamer Queen City arrived from Victoria and picked up the shipwrecked men They managed to save some of the schooner's stores and subsisted on them until one of the dories reached the Scandinavian settlements at Cape Scott, where food was obtained and arrangements made for the coasting steamer to pick them up. The Kilmeny is a small vessel of eighteen tons, and pounded to pieces on the reef

MURDERER IS STILL AT LARGE

PORTLAND, Or May 1—A special to the Oregonian from Woodburn Or says, that after twenty four hours of fruitless running down of rumors of the appearance of the outlaw Frank Smith by posses and trailing of old scents by bloodhounds there is small hope of the immediate capture of the desperado The bloodhounds brought from Spokane were unable to follow very long the trail now many hours old Smith's failure to appear anywhere for food puzzles the officers.

CHARGED WITH CRIME OF FORGERY

BERKELEY, May 1.—A warrant for the arrest of Henry C Williams was sworn out yesterday afternoon by Miss Ina C Felleck, assistant cashier of the South Berkeley Bank. The complaint reads that several days ago Williams forged the name of a well-known citizen to a daft on the South Berkeley Bank. He was later arrested pending the issue of the warrant.

STEAMER BRINGING MONEY FOR BANKS

SAN FRANCISCO, May 1.—Word has been received here that a steamer has left Sydney, Australia bearing $500,000 in gold. This money will be brought to San Francisco and deposited in the Anglo-California Bank

HUNDREDS OF GALLONS OF WINE SAVED BY AID OF FIRE ENGINE

STOCKTON May 1—The California Wine Association sent here today a barge load of wine saved from the cellars on Fourth and Brannan streets in San Francisco and it will be distilled into brandy here The wine was pumped from the cellar of the burned storage place and dumped into the big barge which holds 250,000 gallons and was towed here by the steamer Leader Here it was pumped into tank cars and conveyed to the El Pinal winery A fire engine is now being used to pump out the wine in the San Francisco cellar and it is run through 2000 feet of pipe to the foot of Third street where it is loaded into tanks There are about one and a half million gallons of wine to be saved in this manner

GOES TO HIS DEATH FOR CHILD'S SMILE

CHICAGO May 1—For the smile of a happy little child Stephen Kidd fifty years old went to his death He died from a fracture of the skull received in a fall as he stepped backward into an open stairway after handing a tiny toddler five cents for candy

Kidd had four children in his home but he was the friend and companion of nearly all the little tots of the neighborhood While in front of a candy store he stopped to play for a moment with a little child on the sidewalk He handed the tot coin and then stepped back so as not to interfere with the baby game in which the child was engaged He neglected to turn as he backed away and fell into a stairway leading from the sidewalk to the basement His skull was fractured and he never regained consciousness In addition to his four children a widow is left

FEAR OF DROWNING DRIVES MAN INSANE

CHICAGO May 1—A dispatch from Milwaukee says Imprisoned in a compartment of the partially constructed tunnel under the river through a break in which water was pouring John Slater stood for two hours yesterday watching the water rise slowly until it threatened to engulf him When at last he was rescued he was a maniac, his mind having given way from fright Peering through a bullseye in the compartment the [illegible] his companions saw his plight and for a long time were unable to help him Leads of the fireboats were let down into the tunnel and the engines worked at a furious rate to pump out the water, while the rescue workers [illegible]

In spite of everything that could be done the water rose steadily above Slater's waist to his breast, to his armpits and finally to his neck. Fifteen minutes later he would have been drowned. Barely in time to prevent this, however the firemen succeeded in opening the door and took Slater, insane and benumbed with cold to a hospital.

WHAT DO YOU THINK OF THIS? THIEVES STEAL CHURCH CORNERSTONE!

PASADENA, May 1.—The limit of larceny was reached here tonight when thieves stole the cornerstone of the North Pasadena Methodist Church. The stone weighed 300 pounds and contained coins and other small valuables worth probably $10 The church was just completed a few days ago and is a large, expensive edifice. The cornerstone was pried out of the building and removed entirely from the premises. It is not known by what means the thieves made way with it, but they might have used some sort of vehicle. The police are aroused by the audacity of the act and are scouring the city for some clue to the perpetrators.

CHOICE
BUILDING
SITES
FOR MANUFACTURERS.
5-Year Leases

For very desirable sites. Sizes to suit. Locations in immediate vicinity of S. P. Freight Depot at Sixteentr St. and of Key Route tracks.
Apply to

FOR A LOCATION

Write to P. O. Box 257, Berkeley. The best drug store in the San Joaquin Valley is for sale on account of enforced absence of owner. $20,000 value, but $15,000 cash or good security will buy.

LAWYERS REDUCED

The San Francisco lawyers have been reduced to the greatest straits to secure lawbooks. Every law library in the city save the one in the City Hall was destroyed, together with papers of incalculable value Few cities in the United States possessed so many and so large law libraries as San Francisco, and all are gone, including the splendid collection of the Southern Pacific Company, worth hundreds of thousands of dollars.

The Mills building contained a magnificent law library, exclusively for the use of tenants, which is said to have cost $350,000. Judge John Garber lost a library which he would not have sold for any price. Many of his books contained the autographs of the past generation of distinguished members of the California and Nevada bar, from whom he had obtained them by gift or purchase. He possessed many rare text books endeared to him by memory and association because they were annotated by himself and others, and otherwise marked so as to make them old familiar friends and work fellows.

E. J. Pillsbury also lost a library valued at more than $100,000, and A. A. Moore had one burned which he could not replace for $75,000. Garret W. McEnerney also lost his magnificent collection of books, as did Charles S. Wheeler and Mountford Wilson Indeed, not a lawyer in San Francisco has any lawbooks left, and are scurrying around to pick up such legal works as are immediately necessary in their business Even the plates of all the lawbooks printed by the Bancroft-Whitney Publishing Company were destroyed.

BERKELEY BANK TO TAKE BONDS

BERKELEY, May 1.—In case Congress endorses the plan of the finance committee of the Bankers' and Business Men's Association of San Francisco for the government to guarantee $200,000,000 of two and one-half per cent fifty-year bonds, based on the real property of San Francisco, the First National Bank of Berkeley, through their president, L. F Naylor, has signified its willingness to take $800,000 of such bonds and replace them with the Treasury Department as security for deposits of government money. That would increase the First National's loanable money in an equal amount to the government deposit.

The action of President Naylor indicates what the bank sentiment is all over the coast It would not be surprising if the coast banks, together with the capitalists, would take the entire issue of the $200,000,000.

CATASTROPHE CAUSES PICNIC'S POSTPONEMENT

BERKELEY, May 1.—Owing to the disaster that has befallen San Francisco, the annual excursion of the Endeavor County Union planned for Sunset Park, near San Jose, on May 5, has been indefinitely postponed. But it is hoped to have the picnic later in the year If convenient arrangements cannot be made with the railroad for holding the affair later in the year, however, the excursion will have to be postponed until next year.

TAKEN TO ASYLUM AND HOSPITAL

Adam H Anderson, of 1118 Union street, Alameda, a Scotchman about seventy years of age, was found yesterday to be insane by Judge Melvin and Drs. Hamlin and Tisdale, and the patient was taken to Napa on the afternoon train.

Mrs. Mari DeMaitre, the young Italian woman who has become separated from her husband and three children since the earthquake, was taken yesterday afternoon to the Red Cross Hospital for refugees at Twenty-second street and San Pablo avenue, in the old power house.

NURSES WITHOUT PROPER CLOTHING

The women's clubs of San Francisco have issued this appeal:

To the clubwomen of California: The nurses doing relief work in San Francisco, are without sufficient clothing; some in woolen clothing in the contagious wards.

The California Club of San Francisco has been authorized to look after this branch of the work by the Red Cross Society and earnestly asks that you send on at once nurses' outfits, consisting of shirt waist and skirt (blue gingham or denim), one suit underwear, stockings, one petticoat, tie and white apron.

Wrap the bundles separately, mark each one "Nurses outfits, California Club," and consign the whole to Mrs. S. L. Dunbar, Calvary Church, Red Cross Relief Bureau San Francisco, Cal.

I earnestly ask that all club women, reading this will kindly comply with the request. The California Club women need your co-operation With federation greetings MRS ROBT. P. HILL, President California Federation woman's Clubs.

Sciatica Cured After Twenty Years of Torture.

For more than twenty years Mr. J. B. Massey, of 3322 Clinton street, Minneapolis Minn., was tortured by sciatica. The pain and suffering which he endured during this time is beyond comprehension. Nothing gave him any permanent relief until he used Chamberlain's Pain Balm. One application of that liniment relieved the pain and made sleep and rest possible, and less than one bottle has effected a permanent cure Mr Massey relates his experience for the benefit of others who may be similarly afflicted If troubled with sciatica or rheumatism why not try a 25-cent bottle of Pain Balm and see for yourself how quickly it relieves the pain. For sale by Osgood Bros., Broadway, corner 7th, and Washington, corner 12th

TO STOP LOOTING

SAN FRANCISCO, May 1.—To stop the looting of ruins both the police and military are to bend their energies. According to Captain Burnett chief of detectives, a patrol of police is to be put through the burned district as soon as possible The military authorities have also established a patrol, and people who now wish to delve into any ruins must go before an officer and get a permit, which is only given upon the applicant showing that he or she is the owner of the premises to be searched.

Soldiers throughout the Russian Hill district warned people away from ruins and made them go to the headquarters of Captain Wells at Washington Square for a permit.

RIVERSIDE TO BERKELEY, $1000

BERKELEY, May 1.—Mayor MacFarland, of the city of Riverside, while present at a meeting of the Chamber of Commerce, declared that one thousand dollars would be given to the Berkeley relief fund for the fire sufferers by the citizens of Riverside. He announced that the sum named would be forthcoming in a day or two.

Mr. MacFarland has been visiting the cities around the bay in order to note the conditions which have existed since the earthquake and the fire. He did this so that he may intelligently distribute the fund which his city will hand over to the relief workers.

MANY CATHOLIC HOMES OPENED

The Catholic Central Relief Committee is holding its daily meetings at the parochial residence of St. Mary's parish, 616 Seventh street. At these meetings daily reports are made of the relief work of ten parish sub-stations. Reports of this work are now being arranged and a general statement will soon be ready for publication.

The various committees, many in number, make their daily reports to the general committee, and upon these reports action is promptly taken looking to the relief of the various sub-stations. As an example the following is a report:

From sixty families of St. Joseph's Parish of Alameda to the Catholic Central Relief Committee from April 18 to April 29: Meals served to refugees, 5420 number of refugees clothed, 151, number of refugees lodged at parish homes, 2380, at sub-stations, 705, families sent to country homes, 33; persons given employment, 36; sick cared for, 32.

COLLINS STAYS HAND OF LAW

SAN FRANCISCO, May 1.—Although the earthquake brought George D. Collins, the convicted perjurer, to the penitentiary, he has found a way to slip out of the shadow. His attorney obtained from the Supreme Court yesterday a stay of execution of the judgment committing his client to San Quentin.

A certificate of probable cause had been issued, but was revoked by Superior Judge Burnett, while a bill of exceptions was pending This, it was argued, deprived Collins of his constitutional right of appeal under the law, and the Supreme Court took this view of the case, staying the execution of the judgment until he can make application to the higher tribunal for a certificate of probable cause

The District Attorney may at any time apply for a revocation of this order, but for the present it serves to keep Collins out of the penitentiary. He is now confined in the branch jail in the Ingleside district.

SECURES AID ON PERSONAL APPEAL

The result of a personal appeal for aid in connection with the San Francisco calamity is shown in the case of F. B Hough, of the Merritt-Wolcott Company, who secured a good-sized donation of cash and supplies from his old home town, Smith Center, Kansas.

Mr. Hough wrote to J. R. Burrow, a resident of that town, and who also bears the distinction of being Secretary of the State of Kansas, and the latter soon raised $1000 besides a carload of supplies Secretary Burrow attempted to send these supplies directly to Mr. Hough for his distribution, but the railroads refused to carry them free, when so directed hence they were sent to the Oakland Relief Committee.

Not If as Rich as Rockefeller.

If you had all the wealth of Rockefeller, the Standard Oil magnate, you could not buy a better medicine for bowel complaints than Chamberlain's Colic, Cholera and Diarrhoea Remedy. The most eminent physician can not prescribe a better preparation for colic and diarrhoea, both for children and adults. The uniform success of this remedy has shown it to be superior to all others. It never fails, and when reduced with water and sweetened, is pleasant to take Every family should be supplied with it. Sold by Osgood Bros., Broadway, corner 7th, and Washington, corner 12th.

Salvation Army Requests Cast-Off Clothing.

If persons having cast-off garments, furniture or other articles for distribution among the poor will telephone Oakland 3465 or send notice by postal to Staff Captain William I Day, 420 Third street, Oakland, the army's relief team will call in any part of Berkeley, Piedmont, Fruitvale, Alameda or Oakland and vicinity for the things which are urgently needed.

MILITARY TO CONTROL FOOD

SAN FRANCISCO, May 1.—It has been decided at a conference held by Governor Pardee, Congressman Kahn, General Greely and Mayor Mott of Oakland that the distribution of relief supplies in Oakland should be also placed under military direction similar to that in vogue in San Francisco.

Oakland, being the nearest large place of refuge from this city, has been obliged to attend to the task of feeding and housing thousands of unfortunate people, and it is stated that the same misuse of food by unscrupulous and mercenary persons has been unearthed there. The conference was held with the purpose of ending this evil

VARYING DAMAGES TO STATE HOSPITALS

Reports of damages sustained by State institutions continue to arrive at Governor Pardee's headquarters.

Elmer E. Stone, medical superintendent of the Napa State Hospital, reports that the only damage sustained by that institution was injury to the clock tower, the outer wall being thrown eight inches out of line. The cost of repairing will be about $1000. Stone says that the tower should not be built to the same height as it was originally, that there is no necessity of rebuilding it at once and that he will not ask for any appropriation for rebuilding until the regular session of the Legislature convenes.

Superintendent Dawson of the Home for Feeble Minded Children at Eldridge reports that there are no portions of the buildings of the institution, the restoration and repair of which could wait until after the regular session of the Legislature. The total loss on the buildings is $128 215.

STRANGE PHENOMENA OF EARTHQUAKE

Regarding phenomena in various localities of the State, caused by the recent earthquake. H. A. Greene of Monterey, writes Governor Pardee as follows:

"In the Salinas valley a redwood tree was recently found in a sinking well at a depth of 281 feet; authority, R. Jacks of this place.

"Rev. R. M. Mestress, also of this place, visited Moss Landing after the quake. He reports many happenings, one being that a large sand dune near the shore has sunk sixty feet below the sea level.

"Honorable J. B. R. Cooper, representative of this county in the State Legislature, took a launch on the day of the disturbance for San Francisco. A few miles off shore there were thousands of strange fish floating on the water, none of which were known to old fishermen on the boat. This was in Monterey bay where the water is several thousand feet deep.

"Reports of the survey of this bay made by the Albatross, reveals startling discoveries which have not yet been published."

A PROMINENT EDUCATOR

Declares Vinol Is the Best Cod Liver Oil Preparation.

There has been a good deal of discussion in Oakland regarding the merits of cod liver oil preparations, and whether or not cod liver oil and emulsions that upset the stomach have any medicinal virtue: therefore, the following letter from M. A. Cassidy, superintendent of schools, Lexington, Ky., will be read with interest:

"I am pleased to state that after having used and tested the different cod liver oil preparations on the market, I find Vinol to be far superior to them all. It is palatable and pleasant to the taste, in fact, the oily, fishy taste of cod liver oil is done away with entirely, and the curative and strengthening properties of Vinol are truly remarkable.

"Vinol built up my system, strengthened my nerves and made a new man of me, and I heartily endorse it as the most efficacious and agreeable cod liver oil preparation on the market."

Mr. Specht of The Owl Drug Company when asked his opinion in regard to Vinol, replied, "We firmly believe Vinol to be the best preparation of cod liver oil, therefore, the greatest strength-creator and health-restorer known to medicine today. We have never sold anything in our store equal to Vinol, replied, "We firmly believe Vinol to be the best preparation of cod liver oil, therefore the greatest strength-creator and health restorer known to medicine today. We have never sold anything in our store equal to Vinol to build up the system, strengthen the nerves, cure indigestion, chronic coughs, colds, bronchitis and incipient consumption, or to make growing children robust and give strength and vigor to the aged, and to make the weak strong and the sick well.

It is for this reason that we offer to give back the money in every case where it fails."

SAN JOSE IS MOVING AHEAD

SAN JOSE, May 1.—San Jose has adopted the slogan: "Forget it; get busy." This morning found everybody cheerful and ready for active work. The air was warm and pleasant, the valley one stretch of green, from Mount Hamilton to the Santa Cruz range, never looked more beautiful, and the residents, after a day of rest, responded as formerly to the charm of their natural surroundings. Last week's traces of worry had vanished, and every face was bright and pleasant. Even the refugees in camp near the depot were smiling, as if enjoying an outing.

This city is rapidly resuming its normal conditions. The streets are fairly well cleaned of debris, and by a few days all of the demolished buildings will have been removed. Every carpenter is busy repairing buildings damaged. Chimney and roof repairs on dwellings have almost all been made. The stores are nearly all open, those that were put out of business by the earthquake having moved into temporary quarters.

BUSINESS RESUMED.

Every former line of business is going ahead as usual, although a number of merchants are as yet somewhat shy on stock. The finance committee of the General Relief Committee met today, and reports showed that local funds have been ample to cover all local cases and to care for thousands of San Francisco refugees and injured. These are rapidly departing. Clothing, food, shelter and supplies of all kinds have been abundant for all, and the work will be maintained as long as a single homeless or destitute case remains.

Now that the poor quality of the work done on the majority of public and private buildings has been revealed by the earthquake, local property-owners are, without exception, convinced that there was no necesity for the loss of a single building in this valley by the temblor. With this knowledge so forcibly presented, all new buildings, both business and residential, will be so constructed that they will be earthquake proof, and San Jose will be all the better for her shaking up.

There has been no scarcity of ready money here for ordinary requirements, and very little inconvenience to individuals. The banks will be prepared to open within a few days.

MORTGAGES CONTINUE

SAN FRANCISCO, May 1.—The directors of the Hibernia Bank held a meeting yesterday and adopted a policy which will be welcome to many property-owners.

The bank directors have decided that where they hold a mortgage on city property the mortgagor will be allowed to collect the fire insurance and expend the money in rebuilding his house. If any mortgagor will agree with the bank officials to expend the fire insurance for this purpose the bank will allow the mortgage to continue and there will be no foreclosure proceedings.

The policy of the bank in the past has been to compel every person who borrowed money from the bank on property to insure their property to the full amount that the bank loaned on the house and land. For instance, if a property-owner wished to borrow $15,000 on his house and he was only insured for $12,000 the bank officials compelled the mortgagor to put an additional $3000 insurance on the property before the money was loaned.

The policy of the Hibernia Bank in this regard may also be followed by other local banking institutions.

DR. FOSTER HEARS FROM REFUGEE CAMPS

Deputy Inspector Charles L. Pierce, who has made an examination of the refugee camps in this city, for the purpose of ascertaining their sanitary condition, has filed practical reports with State Health Officer Foster as follows:

Fruitvale Relief Camp—No feeding, no fires, closets connected with sewers, sanitary condition good.

Woodmen of World—Camp near Altenheim, will remain for six months if necessary, use of ground donated by owner, Dr. Herrick; sanitary condition would be perfect if closets were connected with sewers; connected now with pits; inmates, 110.

Salvation Army—Camp Beulah Park; eighty tents, 100 more promised; straw for men, mattresses for women and children; 550 people for meals; sanitary condition perfect.

Dimond Canyon—Camp used only as hospital.

Chinese Camp—Willows on Lake Merritt; twenty-nine tents; 500 Chinese; one white family which will leave in a day or two; no sickness, save three cases of sore eyes; sanitary condition perfect.

Idora Park Camp—One case of pneumonia; 800 fed and lodged; inspected ever morning by city health officer; hospital with trained nurses; sanitary conditions perfect.

Hearst Tent City—Camp moving.

City Camp—Adams Point; outhouse connected with sewers; wooden flooring for tents recommended; camp will be continued for final housing of those longest in need of relief; four patent closets on ground, but others needed because people in adjoining camps are using present ones; sanitary condition perfect.

Camp Martin—Adams Point; sanitary condition perfect.

Oak Park Camp—College avenue; disinfected once a day with creosote; closets trenched; no sewers connected, although there is a sewer on the the ground; ninety inmates.

Shellmound Camp—Removed to City Camp.

Jockey Club Camp—Three hundred fed and housed; sanitary condition good; camp to be removed.

Elks' Camp—Removed to Harmon house on Webster street.

Piedmont Rink Camp—Housed and fed from 800 to 1100; no sickness; sanitary condition not such as to be recommended; referred to attention of city health officers.

Report concludes as follows: "I am informed that on Ninth avenue and Twentieth streets a house owned by a Mrs. Jones, contains eighty Japs; at Thirteenth avenue and Twelfth street fifty Chinese in another house; at East Twelfth and Fourth avenue, house has been or will be leased by Chinese; camps remaining to be expected; Native Sons' Hall, Haywards; Rockefeller camp, county line.

J. W. Baradwell, of Los Angeles, wants a wife. He writes Mayor Mott and refers to an item which he saw in a paper to the effect that a number of women victims of the San Francisco fire had established themselves in a house on the water front, and proclaimed that they wanted protectors and husbands.

Bardwell's appeal is as follows:

"I am earning a salery from $45 to $25 per week aand want someone to keep it for me if you can do anything in this line for me please do so and obligde."

Mr. Bardwell's address is 121 North Main street

UNDERWRITERS SEND EXPERT

S. Albert Reed, engineer for the National Board of Fire Underwriters, is here from New York, having arrived a week ago. He is sent by the committee of twenty of the National Boad, to make the official report on the recent conflagration from the technical stanpoint, concerning questions of water supply, fire department organization and equipment, and building construction, such questions being of important interest in their application to the fire hazard of every large city in the United States.

Mr. Reed was engaged in similar work at the Baltimore conflagration. His report will be largely illustrated photographically. Mr. Reed has conferred since his arrival with Gen. Funston, Chief Engineer Hood of the Southern Pacific, Chief Engineer Schussler of the Spring Valley Water Company, Chief Inspector Porter of the Board of Underwriters, and Chief Dougherty of the San Francisco Fire Department, all of whom furnished him with valuable data.

The National Board of Fire Underwriters comprises one hundred and twenty-five insurance companies, its president being John H. Washburn, former president of the Home Insurance Company of New York; the chairman of the committee of twenty being Henry Evans, president of the Continental Insurance Comany of New York, and its vice-chairman, C. F. Shallcross, United States manager of the Royal Insurance Company, of Liverpool, England.

BAGGAGEMEN FEEL GRATEFUL

The following resolutions have been adopted by the baggage and transfer men who were formerly of San Francisco, and who escaped to this city during the fire:

"Oakland, April 28, 1906.

"Whereas, The recent conflagration that befell San Francisco resulted in great loss to half of the membership of the Baggage Messengers and Transferers Union, Local 10167, A. F. of L., rendering them homeless and jobless, and, as Oakland was the nearest and most accessible Mecca for the terror stricken inhabitants of San Francisco, most of our crippled organization fled to this benevolent city;

"Resolved, That the B. M. and T. Union, local 10167, express their appreciation of the open-hearted and generous way in which they have been received by the residents of Oakland; Be it further resolved, That we express our gratitude to the Oakland Transit Consoldidated for their liberal transportation privileges granted the members of our Relief Committee, and also congratulate the Oakland Transit Consolidated on possessing such an efficient, liberal superintendent. As an executive J. P. Potter can't be beat.

"Relief Committee of Local 10,167, Charles M. Moffitt, chairman; G. C. Nelson, recording secretary; Charles Fohl, financial secretary; Oscar Miller, treasurer; Robert Berry, John Isabelle, Harry Mitchell, William M. Shaw, M. Howard, William P. Shaffer, N. W. Lawrence, C. J. Larius, Harry Ruiz."

FIFTEEN HUNDRED IN GREENBACKS

Fifteen hundred dollars in greenbacks was received by Governor Pardee from his office in Sacramento today. The money came from various sources and was taken by the Governor to San Francisco and there turned over to the General Relief Committee for the benefit of fire sufferers.

How's This?

Two special Wells-Fargo cars, loaded with full equipment, left New York last Wednesday. We learned this by wire today. The message was five days en route. We will be glad to have the equipment, but we are doing and will continue to do business without it until it arrives. The coin which we obtained from Los Angeles on Wednesday was running low Saturday, when a good friend offered us an unlimited amount and we promptly drew on him for ten thousand. We will have fifty thousand more by Tuesday or Wednesday. We have paid fifty-four Death Claims since resuming business.

The legal representatives of Heber C. Tilden are invited to communicate with us in order that we may pay them three thousand dollars, the amount of the policy which we held on his life.

HAS FAITH IN CITY

SAN FRANCISCO, May 1.—President Calhoun, of the United Railroads, addressed the Citizens' Committee yesterday morning and pledged his corporation to the upbuilding of Greater San Francisco. He said: "This is not a time for words but for action. In the face of such a calamity as swept San Francisco there are no State lines The entire East sympathizes with this city and the homeless thousands who have been rendered destitute We of the East are, however confident that the great energy which made this the greatest city on the Pacific Coast will again assert itself and make the new San Francisco still greater Not even the earthquake can shake the courage of San Francisco, and she will arise from her ashes a greater and more beautiful city.

"The United Railroads is going to build at once. Part of the material is already on the way from the East. We will go ahead and not look back. That is the policy of our company."

CONDITIONS FOR HEALTH

SAN FRANCISCO, May 1.—The Health Commission has issued the following instructions to sanitary inspectors who are working under the direction of Chief Inspector Hassler:

You are hereby directed under the general orders issued to me through Lieutenant-Colonel Torney, U. S. A., to post the following instructions in your district:

FOOD AND WATER CONSUMPTION

1. All water should be boiled, whether for drinking, bathing or cleansing purposes.

Use no unboiled water in the preparation of food for cooking or baking.

Use unboiled water only for flushing purposes.

This order applies to all water, whether Spring Valley, lake or well water.

2. All milk should be boiled, whether used by infants or adults.

3. Food in cans should not be allowed to stand uncovered, lest it become tainted or infected.

4. Do not eat uncooked vegetables.

5. All butcher shops and bakeries should be screened.

SANITATION.

1. Remove all garbage, animal and vegetable refuse from your premises and put into garbage barrels at the curb line of street, and cover the same with chloride of lime daily.

2 Seal all toilets and other plumbing fixtures in houses where side sewers are broken or disconnected

3 Screen all windows, doors and other openings, to prevent the entrance of flies, as they are carriers of filth.

4. District sanitary inspectors will report location of latrines to the captain of the district daily, so that the same may be inspected and properly disinfected.

COMMUNICABLE DISEASE.

1. Any person whatsoever having knowledge of the presence of these diseases should report the same to a physician in his neighborhood, as every physician in this city is now a sanitary inspector And such physician upon receipt of this information should inspect the case, and if verified by him, report the same to the headquarters at the Park Emergency Hospital, Stanyan and Waller streets, or at the temporary headquarters of the Board of Health, Grove and Laguna streets.

2 A strict observance of these instructions will positively prevent the spread of any of these diseases.

3. For the safety of all, most careful reports of all contagious or infectious diseases should be given to the district inspectors By order of

JAMES M WARD,
President Health Commission.
(Signed) D. F. RAGAN, M. D.,
Health Officer.

Dr. Charles Jones, who is assistant chief sanitar inspector in charge of the third district, comprising the territory south of Valencia street and the burned district, says that conditions in that neighborhood are rapidly improving.

The distress among the poor is being relieved and there is not as much suffering as might have been expected in that district. The sanitary conditions are being rapidly systematized into shape and Dr. Jones has a large force of inspectors working under him.

Dr. Jones has headquarters in the Horace Mann School on Valencia street, where he has established a hospital The other hospital in this district is in the Wilmerding School. On Sunday there seventy-six patients in both hospitals There are three maternity hospitals in the district.

William J. Biggy of the United States Laundry has been authorized by the Health Commission to take charge of the washing for all hospitals which were in very bad condition in regard to the lack of clean linen. Mr. Biggy at once proceeded to take possession on behalf of the commission of two small laundry plants that escaped the fire.

The assurance that the German Government will ask the reichstag to give us the same tariff rates as the commercial treaty countries would be more comforting if it was known what the emperor has up his sleeve—Detroit Free Press.

Aches

of some kind are the heritage of nearly every one from the infant and the colic, the middle aged and the distressing, miserable headaches, to the aged with nervous, muscular and rheumatic pains. A remedy to relieve in all cases must be founded on the right principle and that accounts for the wonderful success of

Dr. Miles' Anti-Pain Cure

They never fail to cure all cases of pain, because they treat the Pain Source—the nerves By soothing the irritated nerves they lessen the tension, build up the strength, set the blood coursing through the veins and thus allay all pain.

"Periodic headaches, that unfitted me for business several days at a time, has been my life experience. I found first relief in Dr Miles Anti-Pain Pills, and since then I invariably ward them off by taking a pill when I feel them coming on."—E. M. MOOBERRY, Windsor, Ill.

The first package will benefit; if not, the druggist will return your money.

El Principe de Gales

Wherever good judges of horses gather, you will generally find good judges of cigars. And wherever good judges of cigars are found, you will find the overwhelming majority smoking El Principe De Gales; known, even before the Prince of Wales became King of England, as

The King of Havana Cigars

No cigar made in America is as good as this, nor is there a cigar made in Cuba that is better. For the past 50 years it has been the widest-distributed and best-selling cigar in the United States and is to-day better in quality and workmanship than ever in its history

A MILD CIGAR

FINE SYSTEM AT IDORA PARK

Cleanliness is the first law at Idora Park and the well swept porches, the clean avenues and the scores of clean faces are a joy to the observer.

"They call this 'Happy Camp,'" said James Pilling, the manager, who has worked hard to organize the splendid system of the place. "Everybody works here," he continued. "They begin early in the morning and the great cleanliness of the place is due to their constant work. We housed 700 last night but probably in a few days they will be all gone, either returned to their homes or to the city camp at Adams Point."

The first registration at the park was 1380 and the place has been a favored point for the distribution of food

The sanitary conditions are excellent and baths are convenient and numerous. The hospital ward in the main building is provided with every necessity for the care of the sick and a corps of doctors and nurses have been faithful workers.

Mrs. Sam Prather has been one of the most active workers in charge of this department and the doctors who have given their services are Dr von Adelung, Dr. Lillencranz and Dr. Buteau.

The nurses are Miss Carey and Mrs. Baxley.

The Misses Wheeler have worked every day for the relief and comfort of the park refugees and Mrs. Loughan has had charge of the supplies and commissary department.

The order and system prevailing in the camp are a credit to Mr. Pilling and his capable assistants

FINDS BOY WHO HAS LOST HIS PARENTS

BERKELEY, May 1.—One of the horrors of the San Francisco fire was exemplified through the finding by Mrs. Mary Kristrich, a refugee, of a little Italian boy, about 8 years of age, whom she found wandering alone at the corner of Powell and Jackson streets in San Francisco.

The child is unable to tell who he is and where his parents are. He is of dark complexion and his features indicate him to be of Italian parentage. His hair is brown and his eyes dark.

Mrs Kristrich is now keeping the boy at 1517 Alcatraz avenue, where she is staying

RENDERS VERDICT OF ACCIDENTAL DEATH

BERKELEY, May 1.—The Coroner's jury in the case of A. Warnholz, the Oakland contractor who died of injuries sustained by being struck by the Berkeley local train, rendered a verdict of accidental death.

The testimony showed that Warnholz had deliberately stepped in front of the north bound train directly after it had passed the city bound train.

PLAN DIRECTORY.

BERKELEY, May 1—Two enterprising students of the University, H W. Beecher and R. B. Pike, are at work preparing a directory of all the present and prospective firms in the new San Francisco All the work of publishing the book is progressing rapidly and it is planned to have the first issue ready for distribution by the 13th of May.

Over 2500 names have been incorporated in the book and hundreds of others are added from day to day. In order to centralize their work Pike & Beecher have opened offices in Oakland.

ADD OAKLANDERS TO FINANCE COMMITTEE

SAN FRANCISCO, May 1.—At a meeting of the finance committee, Dr. E. E. Baker, Frank Stratton and C. R. Brown of Oakland were added to the committee so that the relief work in Oakland might be systematized.

Dr. Ward, president of the Board of Health, reported that the sanitation of the city continued in excellent condition, and that only a few cases of contagious diseases had been reported. The death rate was normal.

Dr. Ward said that it had cost so far $24,000 to move the garbage and dump it into the sea. Members of the National Guard are now assisting the health inspectors in making examinations of houses in the residence district.

The Hon. Ben Tillman, with all his faults, comes nearer earning his salary than some of his more Senatorially dig-

WILL LAY OUT STREETS IN BAY

BERKELEY, May 1.—To further the plan of the city to extend all the streets running east and west to the bay, City Superintendent of Streets E. Q. Turner has posted up notices to that effect. It is proposed to extend the legal lines of the streets into the water for at least 1000 feet from the shore. This will be done to permit the extension of the sewers to deep water when the new system of sewerage is installed in Berkeley.

Not only were notices posted on the streets but in the water as well. The placards were nailed to boards which were anchored in the bay with weights attached to long lines The feat was performed by the means of a rowboat and a boatman

DOING WELL AT THIS HOSPITAL

BERKELEY, May 1.—Dr. H. N. Gage, in charge of the hospital camp on Grove street near Allston way, reports that conditions at the camp are of the best. Of the fourteen cases that have been confined there five of the patients have been discharged as cured, while the other nine are on the road to recovery.

There have been no deaths. The case of the child 3 years old, who was stricken with a combination of measles and pneumonia, took a sudden turn, and the little patient is doing well

Made Happy for Life.

Great happiness came into the home of S. C Blair, school superintendent, at St. Albans, W. Va., when his little daughter was restored from the dreadful complaint he names. He says: "My little daughter had St. Vitus' Dance, which yielded to no treatment but grew steadily worse until as a last resort we tried Electric Bitters; and I rejoice to say, three bottles effected a complete cure." Quick, sure cure for nervous complaints, general debility, female weaknesses, impoverished blood and malaria. Guaranteed by Osgood Bros., Broadway, corner 7th, and Washington, corner 12th. Price 50c.

NOTICE

The time for paying the April assessment that was due on APRIL 28th has been extended to MAY 28th, and no member will be suspended before that date.

The Grand Lodge is doing everything possible to take care of our members for the future. We are arranging for financial relief that will be [illegible] needed in a short time. We are not displaying banners, but will be there with the cash, to assist all worthy members.

All members should send their names, number of their lodge and permanent addresses as soon as possible to this office, 565 Eleventh street, Oakland, also stating their condition and desires for the future.

An employment bureau will be established both in Oakland and San Francisco as soon as possible. Any members desiring to send their families to friends for a time will be given needed information and assistance.

Arrangements are also being made to pay all death claims at an early date.

Watch the papers for a meeting of your lodge and try to be present and help to reorganize.

A full list of the names of Recorders and Financiers and their permanent addresses will be published as soon as possible.

Keep this office advised as to your location and condition.

NEW WHARVES AND SEWERS FOR OAKLAND

The construction and extension of sewers, which has been made necessary by the proposed improvements of the Oakland water front, was considered last night by the Committee of the Whole of the City Council in executive session. The committee recommended that a number of improvements in the sewer system of the city, suggested in a communication to the committee from City Engineer Turner, be included in the proposed bond issue for sewers. The City Engineer was instructed to prepare plans for the proposed improvements in the sewers mentioned in his communication, and to submit these plans to the City Council at the regular meeting next Monday evening.

Following is the City Engineer's communication to the Committee of the Whole:

THE RECOMMENDATION.

"To the Committee of the Whole of the Council of the City of Oakland—Gentlemen: I respectfully recommend that the proposed bond issue for sewers be revised so as to include the extension of the Twenty-second-avenue sewer to the bulkhead line, the extension of the Broadway storm sewer to the southern line of Fortieth street, and the construction of an intercepting sewer on San Pablo avenue and Brush street, from Twenty-second to Twenty-ninth streets. The increased expense will, I judge, approximate about $125,000.

"The deplorable calamity to San Francisco has forced developments in Oakland fully ten years ahead, especially the demand for wharves for deep sea shipping. The Realty Syndicate, accordingly, is planning to build a commercial wharf on the bay shore and to fill in the flats out to the bulkhead line. The bulkhead line is about 1700 to 1800 feet beyond the present end of the Thirty-sixth-street main sewer, so that the latter must be extended as soon as possible.

"For similar reasons, the owners of other water frontage will undoubtedly fill out to the bulkhead line in front of their properties, and, therefore, I advise the extension of the Twenty-second-avenue sewer a distance of some 200 feet.

"San Pablo avenue has but a single sanitary sewer of nominal size, from Twenty-second to Twenty-ninth streets, although it acts as the outlet for a large area and has a number of catch basins connected to it. This thoroughfare, especially under the new conditions, should be paved, but to do so would be unwise until a larger sewer be constructed therein, as the flooding of cellars of new stores is sure to take place in heavy rains with the present sewer capacity.

"North of Twenty-ninth street there is a sewer on each side of the avenue, and I think it might be left as it is for some years until another crosstown sewer be built in the vicinity of Thirtieth street, which will ultimately be needed as the city grows.

"These sewers were not recommended before because I did not deem the necessity for them had arisen and did not wish to place the burden of their expense upon the people before we were forced to do so. Conditions now, however, are changed and these sewers are absolutely needed, and they should be included with the others. Very respectfully,

"F. C. TURNER, City Engineer."

REPAIR ENGINE HOUSE.

Authority was granted to the Board of Public Works to repair at once the Fifteenth-street engine house, the walls of which were badly damaged by the earthquake. The committee also recommended that the City Wharfinger be granted an assistant for three days to aid in the work of the office, which has been largely increased since the destruction of San Francisco.

City Poundmaster Zabel was instructed to begin again the impounding of all unlicensed dogs, this part of his duties having been suspended since the earthquake.

WHARF MATTERS.

The question of increased wharf and dock facilities on the Oakland water front was also discussed by the committee, but no action was taken in the matter. Members of the Council, however, expressed the opinion that more wharves and docks were the most pressing need of the city at the present time, and the subject will be taken up for action by the committee within a short time.

MAINTAIN LEAGUE

The schedule of the Pacific Coast Baseball League, with what changes are made necessary by the calamity at San Francisco, will be maintained, according to J. Cal Ewing of the San Francisco team, whether Manager Morley of Los Angeles decides to remain in the fold or not. Judging by the following dispatch, however, he will take the wise course and save his franchise by remaining:

"LOS ANGELES, May 1.—Manager Morley of the Los Angeles Pacific Coast League baseball team announces that he will reconsider his determination to disband the local team and that instead he will send it to Fresno at once, where games are scheduled for a few days. The organization of the team, he says, will be continued indefinitely, pending a final settlement of league matters."

Mr. Ewing, in discussing the situation with a TRIBUNE man today, said: "I have heard nothing directly from Mr. Morley, but I understand he has decided to continue with his team. However, whether he does or not, the schedule will be maintained, with such changes as are necessary. If Mr. Morley deserts the league, his franchise will be forfeited and awarded to someone else who will continue to conduct the team from the south.

"The San Francisco and Oakland teams left for the north Sunday night to carry out the plans we had previously formed. Oakland opens in Portland today and San Francisco begins a series in Seattle tomorrow. Los Angels goes to Fresno this week, with Fresno scheduled to play in the Angel City next week. We have not planned far ahead into the future, but a meeting will be held shortly and the entire schedule rearranged."

DYNAMITING HAS CEASED

SAN FRANCISCO, May 1.—Dynamiting of ruins in the down-town district has about ceased and the work of removing dangerous walls now devolves to a great extent upon gangs of professional wreckers hired by property owners. Among the large buildings that are now being torn down is the condemned structure formerly occupied by the California Safe Deposit Company. Of those marked for demolition perhaps the most dangerous to passers-by is the Hall of Justice, the tower of which leans menacingly over Kearny street. It is possible that dynamite will be used, as the police say that riggers who dared to climb to the ruined tower would be taking their lives in their hands.

PHILIPPINE TROOPS MEET LAWLESS BAND

MANILA, May 1.—Detachments of Federal troops while scouting yesterday in the Garidara valley on the island of Samar, encountered several bands of Pulajanes. In the engagements that followed many Pulajanes were killed and their supplies destroyed.

There were no casualties among the troops.

Horatius was about to do his bridge stunt.

"The stakes are a little high," he murmured, "but I'll see it out."

Whereupon the opponents made it no-trump and Horatius led with a club.

Later on he scored the odd trick and all the honors.—Cleveland Plain Dealer.

MANY SAFES ARE RUINED

SAN FRANCISCO, May 1.—Although all the big vaults are in good condition, many office safes were ruined. Out of the scores of safes which have been pulled out of the ruins dozens were sprung open by the heat. In about one-fourth the contents were burned. These contained but little money and a few had valuable records.

MEETING IS POSTPONED

BERKELEY, May 1.—President Wheeler, of the University of California, received a telegram from Nathan C. Schaeffer, president of the National Educational Association, saying that a meeting of the association, which was to be held in San Francisco and Oakland, July 17 and 24, has been postponed until next year.

"I supose you are ready to stand between the public and the railroads?"

"I don't know," answered Senator Sorghum thoughtfully. "What is the use of deliberately getting caught in a collision?"—Washington Star.

CAR LINES INCREASED

SAN FRANCISCO, May 1.—In a few more days travel between Fillmore street and the ferries will be comparatively easy. By that time the electric lines on Turk, Ellis and Eddy streets will be running. At the present time there is only one line connecting the ferries with the business portion of the unburned town. That is along Market street to Fifth street, thence along Mission to Sixteenth street, thence to Fillmore street.

FILIPINOS ARE ANXIOUS TO AID

MANILA, May 1.—At an auction sale of boxes for a concert to be given May 2 for the benefit of the San Francisco sufferers, the Filipinos outbid the Americans, a prominent native purchasing the Governor-General's box for $350.

Mrs. Rounder (sarcastically)—Going to "lodge" again, eh? I suppose some of your crowd is going to ride the "goat" tonight?

Mr. Rounder (leaving)—No, not the goat this time, my dear. We're going out on a little lark.—Cleveland Leader.

REMEMBER

that while we suffered with the others in the disaster, we repaired the damage and are thoroughly equipped to serve you in—

1

Framing pictures of the great fire and repairing damaged frames, because our framing department is intact. We are also selling views and picture postals of the San Francisco fire.

2

The matter of Office Supplies, because we receive daily by express 10 to 12 cases of Files, Books, Stationery, Typewriters and supplies of all descriptions for commercial business.

3

Your printing and lithographing. We can handle a volume of this work, and only solicit your order.

4

There is more goods on the road, so order now from us, because we can meet the demand.

RECONSTRUCTION OF BUSINESS INTERESTS

SAN FRANCISCO, May 1.—There can be no longer any doubt in the mind of the most pessimistic that San Francisco will be rebuilt and restored on grander and more substantial lines than before. The spirit of reconstruction is in the air everywhere. It roams in all directions through the ruins. Its inspiring presence is stimulating all classes to action.

There are, of course, numerous difficulties to overcome before the work of reconstruction can be undertaken on a large scale. The removal of the wreckage is the first problem. Some of the chief thoroughfares have been opened to traffic, but this has been accomplished by transferring the rubbish to the sidewalks and dumping it among the wreckage in the basements of the buildings ruined. Reconstruction cannot begin systematically until the wreckage which cannot be used over in the work of reconstruction is permanently removed from the premises.

Another difficulty to be overcome in the work of rebuilding the city is the adjustment of leaseholds. An immense number of buildings occupied in the burned district were covered by leases running for a term of years. In many cases these leases will be annulled by mutual agrement; in others, the lessees are ready to clear the basements and erect temporary structures in which they can resume business at once, provided the landlords will agree to rebuild and apply the rentals to cover the cost of the temporary structures. Several offers of this kind have been made already by lessees whose premises were in the very heart of the burned district.

FINANCIAL AID.

Two difficulties are presenting themselves in such cases. One is that the municipal authorities reserve the right to order the removal of any temporary structure erected in the business district within ninety days from date of notice; another is that many of the buildings destroyed were the holdings of individuals whose support was dependent solely on the revenues derived from them. These cannot afford to rebuild without financial help, and they will be distressed probably by the stoppage of their income. One leaseholder who occupied premises not far from the Palace Hotel, says: "If I could get my landlord to forego the rental until it covered the total outlay of clearing the debris from the premises and constructing a temporary building to hold my stock, and a guarantee from the city authorities that I would not be ordered to prematurely remove the structure under the ninety-day notice regulation I would go to work at once to clean up the place, house a new stock and renew the business."

These difficulties can be overcome, of course. It is only a question of readjustment, mutual concessions, credit based on faith in the future and reasonable toleration on the part of the local government.

COMMERCIAL CENTERS.

In the readjustment of San Francisco's business affairs, three or four commercial centers are being organized. Warehousing is being drawn to the railroad terminals in the southern part of the city which escaped material injury from the earthquake and did not suffer from the ravages of the fire. That means a shifting of this branch of business for the time being, at least, from the north end of the water front to its south end.

Fillmore street is becoming established as a business center. It is handicapped somewhat by being so far from the water front and the railroad terminals; but it has behind it the major part of the resident population of the city as it is today. This street has proved so serviceable in the present emergency and property values have taken such a jump that it must be counted in the readjustment of the city. It is safe to assume that it will never willingly return to the quiet humdrum of purely residential life again.

AS ANCHORS.

The modern steel skyscrapers and the government buildings which have survived the shock and the flame without serious damage will be powerful factors, however, in keeping the main business center in the old quarters. The Appraisers' building, which is intact; the new custom house, which is under contract; the Mills building, which was only partly burned out; the Union Trust and Hobart buildings, both shattered by shock and scorched by fire, but by no means beyond repair; the Crocker building, which needs only refitting in the interior; the "Call," the Monadnock, the "Chronicle," Mutual Savings Bank, Shreve's, James L. Flood and Newman & Levison buildings, all of which can be quickly put in habitable condition, stand as so many sheet anchors to hold the old business center together. Much will depend upon the course adopted by the banks. If they are rebuilt on their old sites, the question of the restoration of the business center will be settled.

However, many wholesale firms and some of the leading commission houses have moved to Oakland, which means, undoubtedly, that in the reconstruction of this city there will be readjustment of its relations with its neighbor on the eastern bay shore. San Francisco will probably become the great office center, the big sales house by sample, the money and exchange mart, while Oakland will be the manufacturing, warehousing and distributing center, in which all of the big firms that have moved over there will be represented. There is a distinctive future for both as big cities.

MERELY BELIEVE HUSBAND IS GUILTY

CHICAGO, May 1.—Reports from the East to the effect that Eugene Krembs, brother of Mrs. Leona Muenter, who died at Cambridge, had sent a telegram to the police of Cambridge, saying that he had enough evidence to convict her husband of the woman's murder, are denied by Krembs and his father.

Moritz Krembs, the father, said that he believed Muenter was guilty, but that he had no evidence to prove his belief. He said that he considered Muenter guilty because he did not give himself up.

CUT BY TRUNK.

D. J. Crowley, baggageman at the station of the Southern Pacific at First and Broadway, was struck in the face by the corner of a trunk, in a passings truck load yesterday morning, and a right angled gash an inch or more long each way from the corner cut in his face just under the eye. The cut laid the flesh open to the bone. Steward Harry Borchert at the receiving hospital stitched the wound up.

HARRY VEUVE IS DEAD

Harry Veuve, one of the most genial, handsome and popular of San Francisco's clubmen, is dead—the victim of that insidious disease, locomotor ataxia, from whose ravages he had been suffering for the past five years. Death was hastened, however, by the shock to his nervous system by the earthquake and the fire. When the latter encroached upon his house he was removed to Ingleside for safety by his friend, Thomas H. Williams. But the inroads of his disease had gone too far to enable him to rally, and the end came yesterday.

Veuve was a native of Chili and about sixty years of age. He came to San Francisco in early days. For many years he was employed with A. Vignier & Co., in whose service he developed into one of the most popular champagne agents in the city. Subsequently he established an independent agency and built up a big trade. Veuve was one of the most popular members of the Pacific-Union and Country clubs, where his cheerfulness and his lovable disposition made for him many lasting friendships. He died receiving the consolations of the Catholic Church, into which he was received during the days of his long suffering. He leaves a loving wife, who administered affectionately to all his wants during his distressing sickness; an aged mother, a widowed sister and either one or two brothers, all of whom reside in San Jose.

NOTICE TO ALL PROPERTY OWNERS AND DEPUTY BUILDING INSPECTORS, CITY OF OAKLAND

The Board of Fire Underwriters have commenced a systematic inspection of every chimney in the city of Oakland, for the purpose of ascertaining their present condition and whether constructed in accordance with the fire regulations where they have already been rebuilt.

All property owners should see to it that their chimneys are constructed by competent masons, inspected by one of the city's deputy building inspectors, and a regular inspection slip signed by such inspector secured for their own protection.

All deputy building inspectors must conform absolutely to the following rules and regulations governing tests of chimneys:

A thorough test must be made of the outside surface of chimney from cellar to roof for the purpose of locating cracks, bulging of walls, broken bricks, etc., and further examination should be made in special cases. All chimneys should be thoroughly examined on the inside and around thimbles, cleaning out the interior where necessary.

In all cases a SMOKE TEST must be made. This consists of building a smudge fire, preferably of old rags, the top of the chimney being covered by wet sacks. By this method cracks, etc. in the chimney may be located.

CHIPS FROM OTHER BLOCKS.

Kentucky is crying for better highways. Put a State tax on the whisky consumed and every mud road will soon become a boulevard.—New Orleans Item.

1 CENT IS ALL IT WILL COST YOU to write for our big FREE BICYCLE catalogue showing the most complete line of high-grade BICYCLES, TIRES and SUNDRIES at PRICES BELOW any other manufacturer or dealer in the world.

DO NOT BUY A BICYCLE from anyone, at any price, or on any kind of terms, until you have received our complete Free Catalogues illustrating and describing every kind of high-grade and low-grade bicycles, old patterns and latest models, and learn of our remarkable LOW PRICES and wonderful new offers made possible by selling from factory direct to rider with no middlemen's profits.

WE SHIP ON APPROVAL without a cent deposit, Pay the Freight and allow 10 Days Free Trial and make other liberal terms which no other house in the world will do. You will learn everything and get much valuable information by simply writing us a postal.

We need a Rider Agent in every town and can offer an opportunity to make money to suitable young men who apply at once.

$8.50 PUNCTURE-PROOF TIRES ONLY $4.80 PER PAIR

Regular Price $8.50 per pair. To Introduce We Will Sell You a Sample Pair for Only $4.80

NAILS, TACKS OR GLASS WON'T LET OUT THE AIR

(CASH WITH ORDER $4.55)

NO MORE TROUBLE FROM PUNCTURES.

Result of 15 years experience in tire making. No danger from THORNS, CACTUS, PINS, NAILS, TACKS or GLASS. Serious punctures, like intentional knife cuts, can be vulcanized like any other tire.

Two Hundred Thousand pairs now in actual use. Over Seventy-five Thousand pairs sold last year.

Notice the thick rubber tread "A" and puncture strips "B" and "D," also rim strip "H" to prevent rim cutting. This tire will outlast any other make—SOFT, ELASTIC and EASY RIDING.

DESCRIPTION: Made in all sizes. It is lively and easy riding, very durable and lined inside with a special quality of rubber, which never becomes porous and which closes up small punctures without allowing the air to escape. We have hundreds of letters from satisfied customers stating that their tires have only been pumped up once or twice in a whole season. They weigh no more than an ordinary tire, the puncture resisting qualities being given by several layers of thin, specially prepared fabric on the tread. That "Holding Back" sensation commonly felt when riding on asphalt or soft roads is overcome by the patent "Basket Weave" tread which prevents all air from being squeezed out between the tire and the road thus overcoming all suction. The regular price of these tires is $8.50 per pair, but for advertising purposes we are making a special factory price to the rider of only $4.80 per pair. All orders shipped same day letter is received. We ship C.O.D. on approval. You do not pay a cent until you have examined and found them strictly as represented.

We will allow a cash discount of 5 per cent (thereby making the price $4.55 per pair) if you send FULL CASH WITH ORDER and enclose this advertisement. We will also send one nickel plated brass hand pump and two Sampson metal puncture closers on full paid orders (these metal puncture closers to be used in case of intentional knife cuts or heavy gashes). Tires to be returned at OUR expense if for any reason they are not satisfactory on examination.

We are perfectly reliable and money sent to us is as safe as in a bank. Ask your Postmaster, Banker, Express or Freight Agent or the Editor of this paper about us. If you order a pair of these tires, you will find that they will ride easier, run faster, wear better, last longer and look finer than any tire you have ever used or seen at any price. We know that you will be so well pleased that when you want a bicycle you will give us your order. We want you to send us a small trial order at once, hence this remarkable tire offer.

COASTER-BRAKES, built-up-wheels, saddles, pedals, parts and repairs, and everything in the bicycle line are sold by us at half the usual prices charged by dealers and repair men. Write for our big SUNDRY catalogue.

DO NOT WAIT but write us a postal today. DO NOT THINK OF BUYING a bicycle or a pair of tires from anyone until you know the new and wonderful offers we are making. It only costs a postal to learn everything. Write it NOW.

MEAD CYCLE COMPANY, Dept. "A-194," CHICAGO, ILL.

LIGHT BREAKS FORTH IN CITY'S DARKNESS

SAN FRANCISCO, May 1.—For the first time since earthquake and fire laid this city in ruins, street lights last night gleamed through the black mantle which has enveloped the city after nightfall since the day of the disaster.

For nearly two weeks not a street light has broken the stygian darkness in which the city has been wrapped. Everybody stayed indoors after dark, and all SanFrancisco went to bed with the setting of the sun. For the first week after the fire, even lights in the houses were not permitted.

Th[illegible] ate lights in the Po[illegible] good feeling than anything since the earthquake. Next to the resumption of street car service, the restoration of electric lighting is one of the most important indications that the city is rapidly returning to normal conditions.

GOOD OMEN.

[illegible] lights were burning in only a section of the city last night, but [illegible] were hailed with much satisfaction [illegible] a good omen. The lights turned on last night were in the Potrero district in the southern part of the city, and were operated by the electric lighting company's Potrero plant, which was practically uninjured by the earthquake and was not in the fire zone.

General Manager Napthaly of the San Francisco Gas and Electric Company has announced that there will be several hundred arc lamps in operation throughout the unburned sections of the city tonight. Besides the three light routes for which permission was granted several days ago, it is inteneded to install lights along the principal roads where supplies are being hauled into the city. The company claims that it has enough power in the Potrero to illuminate the entire unburned sections of the city. The question of restoring electric lights in dwellings will be taken up tomorrow or the next day and will be turned on as fast as the necessary permits can be secured.

E EXTENDED CAR SERVICE.

The stret car service is rapidly being extended as fast as large gangs of men clear the streets of debris and replace the twisted and warped rails. The United Railroads operated cars last night until [illegible] o'clock. Seven o'clock was the hour set for the cessation of street car traffic when permission was granted to resume it, but late yesterday afternoon the railroad company was advised that it would be permitted to run cars until 10 o'clock at night, it having been demonstrated that there was no omre danger at night than in the day time. The cars run so far have been utterly inadequate to handle the heavy traffice, and the owners of almost every kind of a vehicle are making a lucrative business of hauling large numbers of people at the rate of twenty-five and fifty cents each to and from the ferry.

Last night was the warmest and balmiest since the thousands of people have been compelled to camp in the open. In nearly all the parks and square the homeless are now quite well provided with warm bedding and comfortably housed in tents. This problem has been pretty well solved by the arrival of more tents and blankets, but the food question is one that is causing the authorities much worry.

LOSSES ARE PAID

The payment of losses from the recent fire in San Francisco has begun.

An adjuster for the Continental Fire Insurance Company has been in the city for several days and yesterday began paying out the amounts due the victims of the conflagration who held policies in that company. Arthur G. Nason, the company's agent here, states that during the day between $50,000 and $60,000 was paid out to the policy holders and that this will continue until every debt is liquidated.

No earthquake losses are being considered by the adjuster, of course, but all fire damages are receiving full compensation. No time is asked by the company, the beneficiaries receiving cash.

Vice-President Kline of the company is also here and states that he has made arrangements with the banks to honor all drafts issued by him without the least delay.

Other companies are expected to begin paying their losses at once, all announcing that they will reimburse their patrons in full for all damage suffered by the fire.

SACRAMENTANS FAVOR SESSION

SACRAMENTO, Cal., May 1.—The Sacramento Bar Association has adopted the majority report of the committee which recently conferred with Governor Pardee, favoring an extra session of the Legislature to help San Francisco, providing the call for an extra session be urged by Mayor Schmitz, the Board of Supervisors and the Committee of Fifty.

The report favors limiting the scope of the call to submitting a constitutional amendment permitting San Francisco to cancel her bonds issued, but not sold, and issue new ones for a sum deemed necessary; to appropriate $2,500,000 for the relief of San Francisco sufferers; to amend the law relating to the statute of limitations; to provide for lost papers and destroyed records; to repair and improve the water front by issuing bonds for an amount deemed necessary by the State Engineer and the Harbor Commissioners, and to repair State hospitals.

YOUNG CORBETT ON LAST ROUND

OGDEN, Utah, April 30.—The police interfered in the fifth round of what was to have been a twenty-round go between "Fighting Dick" Hyland and Young Corbett here tonight, saving the latter from a knockout. The Denverite was overweight and put up a miserable exhibition.

Hyland confined himself almost entirely to playing for Corbett's body. The fight soon developed into a slugging match with Corbett on the short end. The gong saved the Denver man in the fourth and he was hardly able to stand on his feet when the police interfered in the fifth, the fight going to Hyland.

SOUNDS KNELL FOR BASEBALL

SEATTLE, Wash., May 1.—Business Manager J. P. Agnew of the Seattle Baseball Club has received a telegram from James Morley, manager of the Los Angeles team, stating definitely that he had decided that under present conditions he would not play ball in California, and asking Agnew to secure the signing of the Los Angeles players with the Butte and Spokane teams in the Pacific Northwest League.

This is interpreted as the death of the Coast League for this year at least.

Mr. Agnew declares the Northwest League is the more feasible. It is ex-Butte, Spokane, Gray's Harbor, Tacoma, Portland and Seattle.

LEGISLATORS' VIEWS ON SPECIAL SESSION

TWENTY-EIGHTH SENATORIAL.

SAN JOSE—As soon as we learn about what might be done by the Legislature, I would favor a special session.

CHARLES M. SHORTRIDGE.

SEVENTH ASSEMBLY.

OROVILLE—The [illegible] attorneys of Butte county agree with me in favoring an extra session. DR. W. F. GATES.

NINTH ASSEMBLY.

GRASS VALLEY—I am unquestionably in favor of a special session of the Legislature. EDWARD F. WHITNEY.

SIXTY-SEVENTH ASSEMBLY.

PASADENA—I think a session of the Legislature should be called as soon as the work that the Legislature desires to do can be laid out. That is, I think it should be known beforehand just what legislation is needed. I think the State of California should make a liberal appropriation. J. A. GOODRICH.

TWENTY-FIRST DISTRICT.

SAN RAFAEL—In my opinion, there should be a short special session of the Legislature soon as it can be determined about what legislation is necessary.

S. H. OLMSTED.

"BOOSTING" THIS STATE

SAN FRANCISCO, May 1.—Neither the earthquake nor the fire has had much of a deterrent effect in giving publicity to the opportunities which California offers to people looking for permanent locations.

Rufus P. Jennings, chairman of the California Promotion Committee, at present located in Franklin Hall, said today in speaking of the present work of his committee:

"The publicity department of the California Promotion Committee, under the direction of Clarence C. Edwards, is doing excellent work in sending out to Eastern correspondents, to very many newspapers and to publishers whose publication circulate in the great industrial centers of the East and the Middle West, articles about California and San Francisco. These articles tell of the opportunities which California and San Francisco offer to permanent settlers, whether they engage in agricultural or other industrial pursuits.

"Articles reaching the East from such a source and at this time certainly have a tendency to allay apprehension concerning the present state and the future of California, and also correct misstatements which have gained circulation concerning prevailing conditions in San Francisco and its vicinity."

* * *

Luke Wright, the new minister to Japan, complains that no two of his pictures in the papers are of the same man. He is lucky, being now in a position where it may be desirable to prove an alibi any time.—Cincinnati Enquirer.

THE PROFESSOR SAID

About Coffee

(A certain Professor in a Chicago University in a recent talk to students)

"We talk of drunkenness as a crime," he continued, "but tea and coffee drinking at meals is more injurious than liquor to some men."

Tea and coffee drinking, Prof.—— told his class, "is responsible for much of the restlessness of the American nation."

THINK THEY WILL QUIT?

Yes, many of them know that with good health they can "do things" in this world, so when they find stomach trouble, weak eyes, bad blood and muddy skin, or any of the many incipient signs of disease set up by Coffee they quit.

THEN THEY TAKE ON

Postum Food Coffee

Because it furnishes
the Coffee flavor, charming color
and all the pleasure of Coffee drinking
and does not destroy stomach and nerves
but makes for the sure rebuilding
of the entire body on healthful, sturdy lines.

There's a Reason

HARD TO LEARN

Takes Hard Experience to Teach People some Facts.

Many people jeer at the idea that coffee causes the aches and ails they suffer from and often such people will go on for years sticking steadfastly to the coffee and suffering month in and month out but maintaining "Coffee don't hurt me."

Only an actual test will open their eyes to what they throw away when they cast aside the richness and power of health for a cup of coffee now and then. A lady says:

"I did not learn the real truth until I made the change, but I can now positively state that the headaches I had for about seventeen years were caused by drinking coffee for when I changed and gave up coffee and used Postum in its place I experienced entire relief. I have not been troubled with headache since I began Postum in 1896.

"This in brief has been my experience on the coffee question. Among my friends I have seen many other wonderful instances of the power of this food drink when used in place of the drug drink coffee. Among my friends there are those who tell me of relief from kidney trouble, neuralgia and eczema by leaving off coffee and using Postum and I have even known it to relieve rheumatic pains in limbs.

"I readily believe these statements for since I cut out coffee and used Postum I never seem to have an ache or pain and I would not dare to go back to the old coffee again. Not only myself but my family use Postum exclusively and we know there is no hot beverage that can take its place. Nearly seven years steady use of Postum convinces me I know what I am talking about when I say it is food as well as drink and most valuable to build up the system." Name given by Postum Co., Battle Creek, Mich.

"There's a reason."

STANFORD BUILDINGS WERE JUST MERE SHELLS

PALO ALTO, May 1.—The dilapidated condition of the one-time splendid buildings of the Leland Stanford Jr. University as a result of the earthquake is the subject of uncomplimentary discussion by the members of the faculty. Some of the professors hint that the earthquake has shown that the buildings were inadequately constructed and give weight to a rumor current in Palo Alto during the past three years that the specifications for the proposed magnificent buildings and arches were ignored in an effort to erect pretentious but in reality cheap and gingerbread structures.

Six million dollars was set aside to construct the library, the gymnasium and the Memorial Chapel. Experts who have viewed the ruins of these buildings declare that they could not have cost more than $3,000,000. But so far as the faculty is concerned, the entire $6,000,000 was expended by Architect Hodges, Contractor J. D. McGilvray and C. G. Lathrop, brother of the last Mrs. Stanford and treasurer of the university.

COSTLY GYMNASIUM.

President Jordan has been quoted as saying that the ruins of the library building indicate that that structure might have fallen of its own weight at any moment. He is also quoted as having stated that the new gymnasium was constructed in a flimsy and haphazard fashion. A vast sum of money was spent on this building.

The ruins of the library building and the gymnasium indicate, it is held, that the mortar was not up to the standard and that it had begun to crumble long before the earthquake. It is also stated that the amount of wood used in the university buildings was far in excess of the provisions of the plans. Incidentally, it is asserted that tin was substituted for copper and that instead of solid stone walls, three-inch facings of stone were used.

PREPARING REPORT.

Professor Wing of the department of structural engineering of the university has made a thorough and scientific examination of the ruins. He is now preparing a complete report of the result of his labors, which he will submit to the building committee of the board of trustees, composed of Horace Platt, Frank Miller, Attorney Babcock of San Francisco and Judge Lieb of San Jose.

According to the gossip that has been going the round of the faculty Professor Wing was aware of the inadequate manner in which the new buildings were constructed and he had expressed his disgust at the alleged violation of the plans and specifications for these monuments to the memory of the founders of the university. One story has been told to the effect that Professor Wing on several occasions exhibited the partly finished structures to the members of his class as specimens of how buildings should not be constructed.

One of the most complete ruins on the campus is the new gateway. While this picturesque entrance appeared to be constructed of massive blocks of stone the earthquake has revealed the fact that the arches were mere shells held intact by masses of cement and chipped stone.

DEAL DIRECTLY WITH VICTIMS

The meeting of the Fire Underwriters' Adjusting Bureau yesterday was largely attended. Eastern representatives of the companies participated freely in the discussion, and many told their experiences at Baltimore following the great conflagration there.

It appeared from statements made that already a number of so-called "adjusters for the assured" were upon the scene, advertising that they were desirous of undertaking the collection of claims from the companies growing out of the fire, retaining a percentage for themselves. It was the sense of the meeting that it was the desire of companies that every dollar they paid should go solely to the benefit of the insured. Companies prefer to deal directly with policyholders in respect to their losses and not with go-betweens. Finally the following resolution was unanimously passed:

"Whereas, We are informed that certain so-called "adjusters for the assured" are offering their services; therefore, be it

"Resolved, That it is the sense of this body that when we approach the adjustment of losses we give the preference to those policyholders who deal with us directly."

Of course, it was not desired that the resolution should include insurance brokers or reputable attorneys. It was aimed entirely at those who are prepared to act for persons who, from their necessities or otherwise, employ these so-called "adjusters for the assured" and thus unnecessarily deprive themselves of money that they may need.

The question of procuring a location in San Francisco for the convenience of claimants was referred to a committee with instructions to secure, if possible, suitable rooms at the Ferry building. The committee will confer with the Harbor Commissioners.

A communication heretofore addressed to Mayor Schmitz by one of the members with reference to the opening of safes, was read and approved. The idea was that permits to open them should be procured and that memoranda should be kept of their contents. In no instance should safes be opened unless in the presence of the owner or his representatives. The underwriters are ready to co-operate with the city authorities in carrying out these ideas.

POPULAR GIRL DIES.

BERKELEY, May 1. — Miss Irene Gaines, a bright and popular young woman of Berkeley, after an illness extending over several months, passed away last night at the residence of her parents, 1721 Berkeley way. Though it was known that Miss Gaines was critically ill, her death came as a shock to her many friends.

The deceased was a member of the Trinity Methodist Church and Christian Endeavor, where she has done charitable work for a number of years. She was 22 years old and a native of Berkeley. Mr. Gaines was in Fresno at the time of the death of his daughter, but hurried to Berkeley in response to a telegram.

The date of the funeral has not been set.

MOURNS FOR HIS LOST CITY

Rev. William Nat Friend, formerly of Oakland but now pastor of the Presbyterian Church of Golden, Colo., under date of April 27, writes:

"How I wish I had been there to have taken my chance with the rest of the natives.

"A fellow who went with the First Colorado Regiment to the Philippines told me that the reason everybody was interested beyond the bounds of mere duty was the widespread desire of the people of the land to get even for the treatment accorded the regiments going through California, Oakland and San Francisco during the Spanish war. He recounted how they never touched an army ration from the time they 'hit' Truckee till they got outside the Heads for Manila; and then he remembered the bouquets all along the way; the oranges, the roasted chickens, the Ferry Hall banquets, the convalescent homes. He had enumerated all those little kindnesses that we had done but forgotten long ago. He vowed that it would take more than what is already given to wipe out that debt. And I believe he is telling just the whole heart truth of a mighty nation and a tender-hearted brotherhood.

"I wish I were there. It will be one of the regrets of my life. It has cost me dear to live out of God's country so long.

"I know that 'Frisco and all the other broken places will rebuild with renewed vigor, but I feel with Dr. Henry W. Stuart, U. C. '93, son of our Oakland D. Stuart, who is now a professor at Lake Forest University, Illinois, and who has just written me as a fellow exile: 'It is hard to think that we shall never see the old town again as we used to know it. It was a delight to me every time I went West to go over and look around it. It was about the best town I ever saw—far the best. We shall never see its sky line against the sunset from the Oakland boat leaving at half past 5 again. I suppose they will build it up again, but it will not be the same for us.' Cordially,

"WM. NAT FRIEND."

MANY EAGER TO MARRY

The busiest day in the history of the marriage license bureau of the Alameda County Clerk's office was last Saturday. From early morning to 10 o'clock at night County Clerk John P. Cook and his deputies were continually employed making out the licenses and the accompanying affidavits. Altogether there were thirty-eight couples given the prerequisite papers for the performance of the marriage ceremony.

The licenses issued last Saturday and this morning are as follows:

Joseph H. Noid, 22, of Antioch, and Mary A. Williams, 20, of Haywards; Leeland W. Shaw, 34, and Margaret Webb, 32, both of San Francisco; Charles Murphy, 29, and Marie Jansen, 20, both of San Francisco; William R. Brackett, 25, and Beatrice M. Sampson, both of Oakland; Clarence J. du Four, 26, of Milwaukee, and Emily M. Taylor, 26, of Berkeley; John J. Perry, 34, and Alexandrine Chalon, 34, both of San Francisco; Andres Molina, 28, and Joseph Achondo, 20, both of Oakland; Isaac Kowalsky, 58, of Oakland, and Henrietta Oberndorf, 48, of San Francisco; George Carter, 24, and Elizabeth Mollath, 20, both of Alameda; James H. Barry, 24, of San Francisco, and Isabelle Perry, 23, of Irvington; Walter R. Fountaine, 29, and Alice L. Lowe, 25, both of Oakland; William H. Thomas, 38, of Tulare, and Margaret A. Horgan, 26, of Oakland; Robert H. Beckley, 46, and Annie Carara, 32, both of Oakland; Frank Winfeald, 31, and Florence Car, 32, both of Oakland, George W. Brown, 66, and Minerva A. Towne, 42, both of San Francisco; Raymond D. Harsten, 21, and Rose Cohern, 18, both of San Francisco; Charles Reise, 51, and Emma Jagels, 45, both of San Francisco; John J. Eanner, 27, of San Mateo, and Elizabeth A. Fisher, 22, of San Francisco; Robert Murray, 28, and Anna McGee, 26, both of Oakland; John F. Hayes, 44, and Sarah E. Jolley, 30, both of San Francisco; Gordon Burns, 21, of Oakland, and Lulia Schrader, 18, of Fruitvale; William F. Whiteman, 28, and Adelaide Swart, 21, both of San Francisco; John T. Heavey, 21, and Sarah E. McKenzie, both of San Francisco; John Mladnich, 31, and Antonette Giamoni, 31, both of San Francisco; Otto Kettenbach, 26, and Lola Timberlake, 22, both of Lewiston, Idaho; Harold A. Williamson, 24, of Oakland, and Grace E. Runyon, 24, of San Francisco; Matthew Glenday, 22, and Elsie Karlsberg, 21, both of San Francisco; George W. Rogers, 21, and Eulalia Banadas, 18, both of San Francisco; William E. Doyt, 26, Kansas City, Mo., and Lucy C. Walrath, 26, of Antioch; Harry S. Martin, 30, and Virginia H. Lippi, 27, both of San Francisco; Gustave S. Garrissere, 25, and Mabel R. Benker, 24, both of San Francisco; Manuel P. Mendonsa, 32, and Anna Jouline, 55, both of Newark; Harry E. Wright, 24, and Florence C. Garratt, 21, both of San Francisco; George A. Therkof, 31, of Livermore, and Charlotte H. Foulkes, 24, of San Francisco; Henry J. Amend, 39, of San Pablo, and Ethel McGinnis, 24, of San Francisco; Thomas H. Davis, 22, and Lydia Relfe, 22, both of San Francisco.

FEDERAL OFFICERS TO HANDLE SUPPLIES

"We have food for only twenty-one days," said Major-General Greely to Mayor Mott today," and the indiscriminate giving of relief must be stopped, otherwise there will be destitution. People must learn to appreciate this fact at once."

The General was speaking to Mayor Mott, who had called to confer with him regarding the placing of the distribution of supplies in the hands of Federal officers. The Mayor's visit to Fort Mason was in appreciation of the fact to which the General referred as existing in San Francisco, because he knew that such an ultimatum would eventually be reached in this city.

General Greely told the Mayor that the officers were not now available to assume charge of the distribution of relief on this side of the bay, but just as soon as troops now on the way from the East reached here he would be able to transfer the relief work from the private individuals who were now attending to it. In the meantime requisitions for supplies from this side of the bay would be honored from nobody save Rev. Dr. E. E. Baker, President of the General Relief Committee. This authorization was made at the request of Mayor Mott. General Greely's telegram to Mayor Mott on the subject is as follows:

"As suggested in the interests of economy, orders have been issued that after noon of Tuesday, May 1, no requisitions for relief supplies will be furnished Oakland from the stores in San Francisco except on the order of Dr. E. E. Baker. Such rations will be limited as indicated by general orders issued Sunday, of which copy is this date mailed Dr. Baker. Please notify Dr. Baker, and acknowledge receipt. Whenever force is available will co-operate more fully regarding relief administration in Oakland. GREELY,

"Major-General commanding."

WED IN BERKELEY; OFF FOR DENVER

Eastern Faith in San Francisco.

From all over the United States comes the one sentiment: San Francisco will rebuild stronger and better than ever. The press is unanimous on this point. The subject is discussed and rediscussed by all the great newspapers of the country, but there is not a word of discouragement in one.

The Chicago Record-Herald says: "There are so many recent examples of the rebuilding of cities that had been devastated by fire that it is generally assumed that San Francisco could survive her fire losses. But a great many people in this part of the country are horror-struck by the earthquake and feel that it is like a decree of fate which established an eternal prohibition against the construction of a city by the Golden Gate. * * * Nothing, however, could be more erroneous than this notion. * * *

"It is true that the fire resulted from the earthquake, but the greater horror is the fire horror, and the people who have lived in the State have years of security, comfort, enjoyment and business success to count against the disaster of a few days that is never likely to be repeated. * * *

"The site is a fascinating one, endeared by old associations and presenting extraordinary attractions. It is also the natural site for a great port and a world market. The splendid valleys of the State, north, east and south, pour into the city the vast riches of orchard, farm and vineyard. The mountains send down the precious minerals. Thus California's own contribution to San Francisco's wealth is enormous, and besides this the city is a gateway for the country to the Orient. Anyone who has viewed its magnificent harbor will agree that it is such a gift of nature to the whole continent that it is marked out for the largest uses of trade and commerce."

The Mobile (Ala.) Register believes the ruin will be repaired as rapidly as men and modern methods can complete the work, and that this will be the last of the quakes for that section. It says:

"Indications are that the disturbance was not of volcanic origin, but was caused by a slip of strata in the interior of the earth, such as was experienced at Charleston, South Carolina. It may be but the beginning of a settlement in that locality, or, on the contrary, a final adjustment: no one can say, although, as 'shakes' have been suffered there for a long number of years, at close intervals, we incline rather to the opinion that this latest and greatest convulsion is the last one."

The St. Louis Globe-Democrat says that no man is ruined until he loses his character, and no city is destroyed until its business dries up,—and remarks:

"San Francisco will rise again on its present site, and in a surprisingly short time. Its magnificent bay fixes its location, and its business, which is indestructible, is the chief factor in the case. Probably structural changes will be adopted. Costly architectural piles and skyscrapers are not a necessity. The Bank of England carries on its affairs in quite a modest building. A city that has reason to fear earthquakes can beautify itself with more parks and other substantial ornaments."

The Baltimore News calls attention to the necessity for insurance against earthquakes as well as fire—as illustrated by the Charleston and San Francisco horrors—as the insurance money is very necessary in giving that courage to citizens with heavy losses which is requisite in going ahead properly. It also says:

"In spite of all these things, we may be sure that the splendid spirit of American courage and enterprise will show itself superior to all difficulties and distresses in the California city, as it has done in Chicago and in Boston, in Galveston and in Baltimore."

The Cleveland Leader has no doubts on the subject. It says: "No city built on a site which was marked out by nature for a center of commerce and seat of power was ever abandoned because of a great disaster such as that which has fallen upon San Francisco. In many instances towns of vastly less importance and much less advantageously situated have been rebuilt, not once, but repeatedly. * * *

"The odds are overwhelmingly in favor of the rebuilding of San Francisco with more costly and imposing structures than those which have been destroyed. The new city will be one of the most magnificent and beautiful in the world, one of the solidest and safest, also, as far as man can control conditions affecting its welfare."

Colonel Watterson of The Louisville Courier-Journal finds great interest in the question of what the insurance companies will do. It has been said they will, and it has been said also they will not pay losses on earthquake-destroyed property.

Mr. Watterson also says that the rehabilitation of the city depends much upon the attitude of the insurance companies.

In this Colonel Watterson, of course, refers to the class of the improvements that will be made. That the city will be rebuilt he does not doubt.

Let Building Materials in Free.

Congress has an easy and short way of assisting San Francisco to rebuild in the remission of tariff duties on all materials entering into construction, provided such materials shall be used in San Francisco alone. It is conceded that the domestic supply of structural steel, cement and lumber is inadequate for present needs in this emergency, hence insisting on levying the usual import duties is merely a demand that an unnecessary tax be imposed upon the effort to restore San Francisco as speedily as possible.

The rebuilding of San Francisco is handicapped enough already without standing out for the empty husk of a principle, the purpose of which will be denied in its application under existing circumstances. It is a mockery to the understanding and an insult to extremity to tax building materials for San Francisco under pretense of protecting American labor and capital. Common sense shows that it will simply burden industry and enterprise, and delay the restoration of the city.

The cheaper and more abundant building material can be had at this time, the more work there will be and the quicker San Francisco will be rebuilt. We want all the workmen employed that it is possible to employ, and we want to see San Francisco rise again as rapidly as human ingenuity and industry can restore it to its once proud position.

Therefore Congress should remit the duties on all building materials imported during the coming year to be used in rebuilding California's desolated metropolis.

It is all right to boost Oakland, but the boosting should not be unfair to San Francisco or carry a note of exultation that this city has benefitted by the calamity which has befallen our neighbors. It is Oakland's destiny to be a great city without having to draw the capital prize in the lottery of disaster.

Not the least cheering news lately received is the announcement that crops throughout the State are in a flourishing condition and promise an abundant harvest.

Good for Santa Cruz.

Santa Cruz is showing a spirit of true pluck and enterprise that ought to prove contagious. It is certainly cheering and inspiring. Instead of halting in their schemes of public improvement or slackening in their efforts to provide attractions for summer guests, the citizens of Santa Cruz are actively making preparations to receive and house company on a large scale. They do not expect to make much money this season, for they propose to reduce prices to the lowest notch, but their idea is to induce as many as possible to come to their charming seaside city this summer. They desire to prove that nature is still in her most bewitching mood down where the redwoods nod their monody in unison, to the roar of the Pacific as it heaves in lazy rolls on the shining sands that begirt Monterey bay. Therefore Santa Cruz is getting ready to be gay this season, to be as hospitable and cheerful as possible. Accordingly the regular summer advertising train will start out on its rounds through the State on the 17th inst., accompanied by bands, buntings and the bright literature of beauty, hope and pleasure. Good for Santa Cruz, say we. There is not joy enough in the world anyhow, and where it abounds in its most artistic and innocent phases let all be invited to share it.

There is just as much business to do in California as there ever was. More in fact. This business must be transacted, and the necessity for its speedy accommodation will be a mighty lever in the general restoration.

Reopen the Schools at Once.

The Oakland public schools should be opened without unnecessary delay. Last week Superintendent McClymonds said all necessary repairs to the buildings now in use would be finished by the end of this week. No reason appears, therefore, why the schools should not reopen next Monday. Nobody attempts to give a reason, hence the reluctance on the part of a few members of the Board of Education to allowing the school machinery to move is somewhat surprising.

Nearly all the schools in the county outside of Oakland are open. So are the schools of Berkeley and Alameda. What is holding Oakland back? The situation in this city is no whit different from the situation in other Alameda county cities and towns. There is no reason why we should wait here for information which no one else possesses, nor are we more dependent on future developments than other communities.

Let us open the schools and get the children off the streets. It will look more like business and will be conclusive evidence that affairs are moving along in their accustomed channel.

San Francisco's New Birth.

Oakland, Cal., April 26, 1906.

Editor OAKLAND TRIBUNE: Noticing in a daily a few days ago where someone was endeavoring to formulate a term by which San Francisco's recent disaster shall be known, I earnestly entreat you to give the following suggestions publicity.

The word birth suggests the thought of labor, toil, hardships and suffering—all of which San Francisco has recently passed though and will continue for some time to experience.

As with my eyes closed I look forward and see the new city that is even now shaping itself into what shall be "The City Beautiful," that I confidently expect to feast my eyes upon within a few years, I feel interested in helping to establish within the public mind a cheerier thought than "San Francisco great earthquake" or "San Francisco's great fire," or "San Francisco's great calamity."

Let us think and speak of it as San Francisco's "new birth." I am penciling this note while waiting a few minutes for the train for Pittsburg. My circumstances have become such during the past few days (while in the San Francisco shake and burn) that I am joyously accepting transportation through the courtesy of the Southern Pacific Railroad Company to Omaha, as far east as they can send me on their lines.

VAN R. WILCOX, transcontinental tramp.

The excitement over San Francisco is dying out. The Visalia Times prints an able leader remonstrating with the local mosquitoes to their display of predatory enthusiasm. If the editor of the Times will only read to the insinuating insects a few of the poems which flow in such profusion from the pen of the gifted editor of the Delta, it's a ten to one shot the mosquitoes will flee to their native swamps in wild panic. They may even call on Secretary Taft for a share of the relief fund the War Department has smouged.

THE STRICKEN CITY.

I am swept across the desert by the sorrow of my soul
To the glowing golden city, where waves of anguish roll:
I can see the sheen and shimmer that enveloped sky and street.
I can see the smiling faces of the friends I used to meet:
I can feel the subtle essence that, throughout a world-wide quest,
Thrills heart and brain and pulses nowhere as in that West.

Supreme Pacific wonder, fair goddess of the Gate.,
The world has paid you homage, the world bemoans your fate.
We loved you in your beauty, as you reigned beside the seas;
We love you, scorched and stricken, as you plead upon your knees.
In days of pride and glory you were generous and broad;
You were like an earth-expression of the opulence of God.

And it took the cosmic forces and the awful grip of Space
To rob you of your courage and drive radiance from your face.
You offered us your sunshine when native skies grew cold,
And when our purse was empty you offered us your gold.
Oft when our own unseeing, gazed on some work of art,
You looked with larger vision, and offered us your heart.

Oh! stricken friend and hostess, you kneel among the dead;
And all that moves or stirs us were best in actions said.
Shake out your golden tresses, our hands shall bind them up;
And lift the empty goblet, our gourd shall fill its cup.
Behind the smoke and horror let your prophetic eyes
Perceive God's chosen city from your own ashes rise.

—Ella Wheeler Wilcox in New York American.

THE OAKLAND TRIBUNE LED.

Permit us to congratulate THE OAKLAND TRIBUNE. It led all the newspaper world during the days of terror and suspense and now announces its intention to put in the most complete plant in the State and maintain its lead in the field of evening journalism on the Pacific Coast.—Sacramento Sunday News.

Coughs

Ask your doctor his experience with Ayer's Cherry Pectoral in hard colds, hard coughs, bronchitis, weak throats, weak lungs. Then profit by it. If he has anything better, use that. If he says Ayer's Cherry Pectoral is all right, then use that. Get the best there is, always, for the best is none too good. Keep in mind this—"Sold for over 60 years!"

We have no secrets! We publish the formulas of all our medicines! J. C. Ayer Co., Lowell, Mass.

BANKS AGAIN IN BUSINESS

SAN FRANCISCO, May 1.—The resumption of business by the Clearing House banks today, in accordance with an agreement reached yesterday, had a cheering effect upon the community. A limit of $500 has been placed on the withdrawal of deposits as a prudential precaution, for the benefit of both the banker and the depositor. The system adopted for the accommodation of this kind of business is very simple. A depositor needing an advance applies to the temporary headquarters of the bank with which he was doing business before the fire for an order on the cashier's office of the United States Mint where it is cashed. The San Francisco clearing house bank has been temporarily installed there, which facilitates the adjustment of the day's accounts between the banks. Certified checks have been honored during the day to accommodate business. The local commercial banks have established headquarters on Pacific avenue, Clay and Jackson streets, from Van Ness avenue to Laguna street. The Crocker-Woolworth bank is installed in the Crocker residence at Clay and Laguna and is acting there as a banking information bureau.

The executive committee of the Association Savings bank held a meeting yesterday at which the following were present: Richard M. Tobin of the Hibernia Savings Bank, A. H. R. Schmidt of the German Savings and Loan Society, E. B. Pond of the San Francisco Savings Union, J. A. Hooper of the Mutual Savings Bank, A. N. Drown of the Savings and Loan Society, S. L. Abbott of the Security Savings Bank and W. E. Palmer of the Humboldt Savings Bank.

The principal question discussed was the handling of the money to be received from the insurance companies in settling losses. It was decided that this money should be used wherever possible exclusively for the restoration of the improvements destroyed.

SECRETARY TAFT MAKES REPLY TO PHELAN

TELLS WHAT MONEY WAS SPENT AND WHAT IS NOW AVAILABLE

WASHINGTON, May 1—The following telegraph correspondence passed between Chairman Phelan at San Francisco and Secretary Taft at New Haven, via Washington

"SAN FRANCISCO, April 29, 1906—William H. Taft, Secretary of War, Washington·

"As the funds appropriated by the government are to be disbursed under your direction, the information having come to us directly from the President, we would respectfully request that you inform us to what extent, if any, the finance committee of the Relief and Red Cross funds, which now has consolidated all funds, may expect to handle the government apropriation We seek a concentration of funds and work for obvious reasons and would be glad to serve in this or in any other capacity. Dr. Devine will keep you advised of our work We now need money and new supplies.

(Signed) "JAMES D PHELAN
Chairman Finance Committee of the Relief and Red Cross Funds."

TAFT'S REPLY.

"WASHINGTON, May 1, 1906

"James D Phelan, Chairman San Francisco—You and your committee misconceive the nature and legal limitations of the Congressional aid and do not understand the facts Instantly on receipt of General Funston's telegram of the extent of the disaster and the pressing need of food and shelter for more than 100,000 people, although I was without lawful authority to do so. I ordered sent to San Francisco rations costing two hundred thousand dollars, tentage, blankets, cots and bedding costing more than a million dollars, and medical stores costing one hundred and fifty thousand dollars to be used and distributed for the relief of the sufferers.

CONGRESSIONAL ACTION.

"The new appropriation of these supplies cost more than one hundred and fifty thousand dollars. I made this order anticipating that Congress would ratify my action Congress did so, by joint resolution, authorizing me to furnish for relief of the sufferers subsistence, quartermasters and medical stores for the relief of the sufferers and appropriated a million dollars for these purposes to be used in my discretion. The President advised Congress that expense had been incurred for the purpose, aggregating one and a half million dollars and recommended the appropriation of one million and a half, or two millions and a half in all Congress thereupon increased the appropriation to two and a half millions in all and authorized me to use this amount not only for subsistence quartermasters and medical stores, but also for the transportation of troops.

ORDERED TROOPS

"On the recommendation of General Greely and Mayor Schmitz I ordered 2500 more troops to San Francisco which, with previous transportation for same purposes, involves an expense of $350,000 There is left available of the appropriation, therefore, not to exceed $700,000, which under the law, can only be expended for rations quartermasters' and medical supplies and transportation of troops, and which can only be expended through the lawful agents of the War Department

NO LEGAL AUTHORITY.

"I have no power or legal authority to turn over the money appropriated by Congress to your committee to be expended by you or to expend for any but the specific purposes stated in the Congressional resolutions Should you think that the supply of rations or quartermaster's stores or medical supplies ought to be increased, I shall be glad to direct the purchase and forwarding of them to the proper army officers in San Francisco for distribution, but I cannot order the payment of money out of the treasury of the United States to your committee for any purpose. My discretion is to be exercised only as to the amount to be expended for the specific purposes mentioned in the Congressional resolutions and is thus limited by law As president of the Red Cross Society, I have already directed the remittance to you by telegram of $300 000 out of the funds of that society and am prepared to order the remittance of more as you shall need it.

WHAT IS WANTED?

"It will aid us in taking proper action if you will advise me of the amount of money you have on hand and in general, the purposes for which you need more I infer from your telegrams that you now have on hand food supplies, tentage, blankets and clothing enough for present needs

"WILLIAM H. TAFT,
"Secretary of War and President Red Cross."

"LEAVE YOUR ORDER AND GET HUSBAND"

That Is the Principle Upon Which a Pittsburg Woman Makes Matches.

PITTSBURG, May 1—Refuge for those in love, or willing to be, has been established in Pittsburg, and the guardian angel for those who have been unable to find their affinity is Mrs Walden, of 1205 Gibbon street While not offering a sure thing by any means, Mrs Walden is endeavoring to make it plain to those who are matrimonially inclined that it is within her power to find him or her a companion who will be at least pleasing.

Mrs Walden is not an amateur by any means in obtaining men wives and women husbands She comes to Pittsburg from Philadelphia, where she has been the cause of establishing many a happy home The scheme is simple enough If you are looking for a better half to help spend your money, or you to spend hers, go to Mrs. Walden.

Register as a member of her club for a small fee, leaving your description and state the kind of a partner you are looking for, and in a few days you will receive notice that there is a grand surprise awaiting you in Mrs Walden's office, and you go there to meet the style of a woman or man you have selected

FORGED CHECKS TO KEEP PRETTY HOME

Young Lawyer, Married Less Than a Year, Arrested; Wife Faints.

NEW YORK, May 1—Pressed for funds to support the home which he established less than a year ago, when he married, Harvey J Conkey, a lawyer twenty-four years old, is declared to have forged checks aggregating in value $50[illegible] The pretty young woman who became his wife when there was no suggestion of smirch on his name, fainted when detectives entered the home and took her husband away She is in a very critical condition.

The Conkeys live at 133 Bristow avenue, The Bronx. Frank L Hilton secretary [illegible] Trust Company of [illegible] makes the charge [illegible] a check for $[illegible] 1905, and signed [illegible] Arthur B Wallace, beneficiary of a half-million-dollar estate.

Thirteen other checks, making the total of $5025, it is said, bear forged signatures written by Conkey. They date from April, 1905. Some of the signatures purport to be those of Kate M Wallace, also a beneficiary of the estate

For some time Conkey was attorney for the Wallaces. He was young, able and energetic. A brilliant career spread before him For some reason he was discharged from the Wallace employ. On September 1, 1905, Conkey married. He furnished his home elaborately and on the day of the wedding gave his wife $500 It was in the form of a check, it is asserted, and drawn on the Wallace estate.

The couple went to Palm Beach, Florida, and lived in luxury. Conkey had an automobile. It is still in his possession.

And while Conkey is in police headquarters meditating in his cell, the little wife is lying ill, and critically ill as a woman can be.

* * *

New York is threatened with an epidemic of "hyperacusis." This, according to late medical authorities, is an extraordinary acuteness of the sense of hearing It may be symptomatic of hysteria, facial paralysis with loss of power in the stapedius muscle and hypnotis. Allied with hyperacusis is dysacusis, the causing of unpleasant sensations by ordinary sound The noise and bustle of city life are said to be responsible for the new-fangled disease

A full and varied invoice. Dry Goods, Notions, Men's Furnishings, etc., are going away down from usual prices. No advance, but decrease, in customary prices.

TRAIN SERVICE OF SOUTHERN PACIFIC

The Southern Pacific has opened a new permanent route between San Jose and San Francisco, via West San Leandro and Oakland Pier.

The Narrow Gauge line has been broad gauged between Alameda and San Jose, and in connection therewith the new service is established.

The new trains leave San Francisco, foot of Market street, at 7 40 a. m and 4.20 p. m., and arrive from San Jose at 8·48 a. m and 5 48 p m.

Through service over this so-called narrow gauge to San Jose and beyond via Alameda mole is discontinued, and the business to Santa Clara, San Jose and beyond that formerly went via the narrow gauge, will be handled via Oakland pier and West San Leandro.

NARROW GAUGE.

The narrow gauge ferry will resume in a few days, and it is hoped that service over the Santa Cruz mountains from Wright to Ben Lomond will not be long suspended Engineers are busy examining the damaged tunnels

The Southern Pacific, in a few days, will open city freight and passenger offices at the corner of Fillmore and Post streets which will be occupied until the new Harriman Line Building, for which plans are now being rushed, is constructed

The general offices of the traffic department will remain for the present on the second floor of the Ferry Building, and a branch of the city office will remain on the lower floor.

The foreign road agents held a meeting yesterday forenoon and decided upon plans for offices in the neighborhood of Fillmore and Post streets, which will be announced soon.

Commercial freight business is resumed normally at Fourth and King streets and Vallejo street. Shippers should note the rule that all freight charges on perishable commodities must be prepaid in and out of San Francisco.

The railroads, both locally and on transcontinental business, continue to handle free all contributions for relief.

The Southern Pacific has been notified by the Relief Committees at Ogden, Portland, Los Angeles, El Paso, etc., that destitute refugees should secure credentials from the San Francisco relief societies if they expect to need further assistance en route.

The State's belt line railroad is now handling freight between Vallejo street and the Greenwich wharf, where yesterday the wholesale produce dealers established headquarters.

The local fruit trains from the Coast Division are again in operation.

Train No 10, Sunset Express, leaves San Francisco at 5·40 p. m. and train No. 22, Coast Line Limited, at 8 a. m. These trains will run from Oakland Pier via Niles and San Jose, and passengers should not expect to find them at Third and Townsend streets

CREEK ROUTE.

Three boats are being operated on the creek route between Oakland and San Francisco

Information is desired at the Southern Pacific general office, Ferry building concerning the following John E. Sheridan and family, J A. Perkins and wife of 532 Turk street, Mrs. Ara S Bard, Fred Paull, A. L. Snow, Charles Plant, Mrs Hugh McCaffrey, Mrs D P Brown, Abe Keller, O C. Brewner, Patrick Maguire, George Ehret.

S. F. COUNTY TREASURY

SAN FRANCISCO, May 1—County Clerk Mulcrevy made out his cash account this morning for the month just ended, and finds he has $638 to turn into the treasury, as the receipts since the earthquake. Of this amount $430 was for marriage licenses issued between April 18 and 30 inclusive. The total receipts for the month amount to $4308.

WHO OWNS THIS SAFE?

SAN FRANCISCO, May 1—A safe opened by mistake is in possession of the police and caused Chief of Detectives Burnett to issue the following notice this morning

"The strong box and records of the Granite Building and Loan Association taken from a safe in the ruins of the Callahan building at McAllister and Market streets are at police headquarters, Bush and Fillmore streets The safe was opened by mistake by A. Franklyn, an acountant of the Callahan building, whose safe resembled the one opened. The owners can apply here for their property."

* * *

Mayor Mott has appointed J P. Edoff, vice Rev. E E. Baker, as the person to make requisitions upon the military authorities in San Francisco for supplies from the relief stores there for the maintenance of the refugees in this city

NO CLASH OF AUTHORITY

SAN FRANCISCO, May 1—The police and military are becoming more thoroughly in accord due to the action of the heads of the various departments and the action of Major-General Greely who insists that the United States troops, while performing non-military duty, shall be subordinate and auxiliary to the local police department To further carry out this idea while the soldiers are aiding in policing the city, a police officer is to be stationed at each of the military headquarters and when any arrest is made by a soldier the person will be immediately turned over to the police officer at the station who may be held or released by the police as is deemed best

"There is going to be no clash between the military and civil authorities," said Major-General Greely this morning to a TRIBUNE representative "and while the troops are willing to do all that they can, it must be understood that the civil authorities are in control"

* * *

SAN FRANCISCO May 1.—Former Mayor James D Phelan, chairman of the Finance Committee of the Citizens' Committee, announced this morning that the receipts from various sources yesterday, was $188,477 Without including the government funds this leaves an available balance of $3,852 000

The contribution from the United Railways, in the way of fares collected yesterday, amounted to $2 436 30

In view of the fact that the United Railways had already contributed $75 000 for relief purposes a motion to no longer accept the fares collected was carried unanimously, it being the sense of the meeting that the company should be reimbursed for the work that it is now doing.

The loss by fire sustained by the United Railways is estimated at $1,250,000

NURSES HUSBAND WHO KILLED RIVAL

ELMIRA, May 1.—Heartbroken over the tragic ending of her association with Fred Dickinson, which resulted in his death at the hands of her husband, Mrs. Fred Scobey is constantly at her husband's bedside nursing the injuries which he received in the attack upon Dickinson.

The shooting was done Sunday night between Watkins and Montour Falls. Dickinson was driving with Scobey's wife at the time. When removed to his home he insisted that he had received his injuries by falling from a freight train, although it was evident that his condition was due to his having been shot in the leg and afterward beaten upon the head with some blunt instrument, which, according to Dickinson's subsequent confession was the butt of Scobey's revolver.

Dickinson and Mrs. Scobey were returning from their drive when the woman's husband suddenly appeared from the side of the road and attempted to stop the horses. Dickinson applied the whip and Scobey was thrown down, but he managed to prevent the couple from escaping by shooting Dickinson. The latter died yesterday at the Central Hotel, in Montour Falls, of which he was the proprietor.

Coroner Post today caused a warrant to be issued for the arrest of Scobey on a charge of murder in the first degree. Scobey was formerly cashier of the Watkins Exchange Bank, of which his father, Benjamin W. Scobey, is president. He is thirty years old, and a member of one of the most highly respected families in this vicinity. He is at his home in Watkins, where he is confined to his bed by pleurisy and from a broken rib. Dr. M. L Bennett, who is attending him, insisted that it would be folly to remove him to the county jail at this time, so Sheriff Ely placed deputies at the house, and will permit the accused to remain there until he has recovered sufficiently to be around.

Woman's Nightmare

No woman's happiness can be complete without children; it is her nature to love and want them as much so as it is to love the beautiful and pure. The critical ordeal through which the expectant mother must pass, however, is so fraught with dread, pain, suffering and danger, that the very thought of it fills her with apprehension and horror. There is no necessity for the reproduction of life to be either painful or dangerous. The use of Mother's Friend so prepares the system for the coming event that it is safely passed without any danger. This great and wonderful remedy is always appliedexternally,and has carried thousands of women through the trying crisis without suffering.

THE BOARD OF DIRECTORS OF THE

Fireman's Fund Insurance Company

ANNOUNCES THAT THE COMPANY IS AMPLY ABLE TO PAY ALL LIABILITIES ACCRUING UNDER ITS POLICIES INVOLVED IN THE GREAT SAN FRANCISCO CONFLAGRATION, AND, AT THEIR MEETING, HELD APRIL 27, 1906, UNANIMOUSLY INSTRUCTED ITS OFFICERS TO PAY ALL CLAIMS AS ADJUSTED AND CONTINUE BUSINESS AS USUAL.

Wm. J. DUTTON, President

HARD ON THE SOUTH

The following article apeared in the New York World of April 20. It is needless to say that there is no truth in the story, but it serves to show how conditions have been exaggerated in the East:

LOS ANGELES, Cal., April 19.—Two slight shocks of earthquake were felt here soon after noon today. Tall buildings swayed a little, windows rattled and chandeliers moved. No damage was done. At any other time little attention would have been paid to such a disturbance, but owing to the San Francisco disaster people became terror-stricken and for one hour the city was in a panic.

The shocks came about six minutes apart and lasted only a few seconds. They were followed by occasional very faint tremors that died away after an hour.

So great is the fright that business was suspended generally for the remainder of the day. In every home tonight there is fear and trembling. Many people are remaining out of doors, apprehending a renewal of the shocks during the night.

FLED IN A WILD PANIC.

When the quaking began at noon hour large crowds were gathered around bulletin-boards eagerly reading the news from San Francisco. As the ground trembled beneath their feet they were paralyzed with terror for a moment. Then panic seized the throngs. Men, women and children ran aimlessly about, fearing that tall buildings would fall on them. From stores, office buildings, factories and homes thousands more fled toward open spaces and parks.

When it was found that the earth had quieted and no damage had been done there was a cautious return. Every nerve of the city is on edge, and the slightest disturbance would be the signal for another panic.

G. E. Franklin, head of the United States Weather Bureau in this city, in his report of the earthquake, ten minutes after it occurred, said:

"There was nothing at all unusual in the shock. It was of hardly sufficient strength to move the pendulum of the large clock in my office and consisted of a single undulation. The quake seemed to be moving from north to south.'

The shocks which destroyed San Francisco on Wednesday did not reach this city, but today's tremors were felt throughout Southern California. So far as reported no damage was done anywhere.

BRAWLEY, IN SOUTH CALIFORNIA, RUINED.

By a remarkable freak of nature the terrific shocks of Wednesday jumped from the region around San Francisco far to the south and destroyed the small town of Brawley, 120 miles south of Los Angeles, the only spot there known to have been touched. Brawley is only two years old, and has 500 inhabitants. All the brick business buildings in the town were wrecked, and dozens of adobe houses were razed. So far as known there were no fatalities.

The first trainload of refugees from San Francisco reached Los Angeles this afternoon. Many of them are in a pitiable condition.

ALBANY CLOSES AS HOTEL

As a result of the influx of San Francisco business men and firms into Oakland, and the consequent congestion in local buildings, the Albany Hotel, at the corner of Sixteenth and Broadway, is to be converted at once into a store and office building

Dr. Ferdinand Butterfield, a San Francisco capitalist, has purchased the lease of F. A. Wilder proprietor of the hotel, through the E P. Vandercook Company, and will begin at once the remodeling of the building.

Mr. Wilder's lease has two years yet to run and Dr. Butterfield has secured an extension of five years in addition to this.

The guests have been notified to take their departure, and most of them have already done so. The balance are expected to be out by tonight The work of fitting the building for its future purpose is to begin as soon as men and materials can be secured which is expected to be within a few days. It is proposed to have the building ready for occupancy within a few weeks.

The downstairs portion of the block will be rented as stores and the upper floors for offices, of which there will be about ninety There will be no addition to the height of the building, nor other changes in its size.

FRACTURES SKULL IN CAR ACCIDENT

Chris Gabelson, a Danish saloonkeeper, alighted from one street car in front of another going in a contrary direction and was knocked down at the corner of Seventh and Broadway, last evening. The outer plate of the front of his skull was fractured, his forehead cut, and his face and side considerably bruised

Only quick action on the part of the motorman saved him from more serious injury He was treated at the Receiving Hospital

BUTCHER CUT.

A fellow worker at Becker's Market on Washington street, tossed William Heil a butcher, a piece of meat this morning. The man held his butcher knife in his hand when he did it, and the point of the knife struck Heil in the right wrist, cutting a deep gash. It was dressed at the Receiving Hospital.

MERRITTS HAVE RETURNED.

Mr. and Mrs. Al Merritt have returned to their home in Melrose, having been summoned from New York by the news of the earthquake.

INSURANCE LOSSES

The New York World of April 20 has this to say about insurance conditions:

Under the California insurance law and decisions of the courts:

First—Where an insured building is destroyed by earthquake fire-insurance companies are not liable for any of the loss.

Second—Where an insured building is destroyed by fire resulting from an earthquake the insurance companies are liable for the loss.

Third—When an insured building is dynamited to check the spread of a conflagration the insurance companies are liable for the loss, just as if the property had been destroyed by fire.

While no definite information came yesterday to any of the officers of the large fire insurance companies in this city which have millions at stake in fire-swept San Francisco, it was admitted that the losses which the companies must pay would exceed even those of the Chicago conflagration or of any other fire in the history of this country.

None of the fire insurance officers would hazard an estimate of the probable loss to the companies. In the first place, the fire was still burning fiercely. When their offices were closed for the day none of them had any word from their agents. Nothing like an accurate estimate could be made, it was pointed out, until it was ascertained what buildings were destroyed by earthquake, as well as those destroyed by the flames or dynamite.

All day long the officers of several companies tried without success to get in telegraphic touch with their San Francisco agents, and in several instances representatives were dispatched on fast trains to collect the information which every company must have before it will be in a position to figure out its probable loss

LOSS MAY BE $50,000,000.

It is roughly estimated that all of the American and foreign fire companies doing business in California had outstanding about $80,000,000 of fire insurance in San Francisco. The loss to the companies may run as high as $50,000,000, and possibly $5,000,000 higher. An insurance loss of this amount would mean a total property loss of more than $200,000,000 under the conditions which have prevailed in San Francisco. The total loss of the insurance companies in Baltimore was $36,000,000, though the actual destruction of property involved a very much larger sum.

Ninety-seven companies, foreign and American, have risks in San Francisco. It is not believed that any one company will have to bear a loss in excess of $2,500,000, and only one or two will be as hard hit as that The heaviest loss will fall upon two San Francisco companies—the Fireman's Fund and the Home Fire and Marine Of the out-State companies those carrying the heaviest risks in the stricken city are the Hartford, the Home and the Continental. Of the foreign companies the Liverpool & London& Globe will be the hardest hit, In all of California that company had risks on January 1, 1905, amounting to $25,514,446. Twelve London companies, on the same date, carried a total of $148,672,531 in the State. How much of this is on San Francisco property the records of the branch offices in this city do not show.

LIBERAL POLICY TO BE ADOPTED.

Statements made by the officers of several of the large companies indicate that a liberal policy will be adopted in dealing with the fire-sufferers, but in any event it is expected that a great mass of litigation will grow out of the settlement of the various claims.

Willis O. Robb, secretary of the New York Board of Fire Underwriters, said in regard to the general plan on which losses would be paid:

"If a building were completely demolished by earthquake and the ruins were subsequently burned the owner could recover no insurance. But if the building withstood the earthquake shock and was subsequently burned then the insurance company would have to pay the loss caused by fire. In some cases buildings have been weakened by the earthquake and their value consequently lessened before the fire destroyed them. In cases of that kind settlement will probably be made by compromise But where a company could not show that a building was materially destroyed by the earthquake previous to the fire, it would have to pay the full value of the policy.

"As to the buildings dynamited, a special staute of California disposes of that question. It provides that where a building is blown up by dynamite to prevent the spread of fire, the insuring company has to stand the loss The California law is supreme on that point."

E H A. Correa, vice-president of the Home Insurance Company, said:

"The companies affected by the disaster will adopt a uniform policy for the payment of losses. They will deal with the situation in the broadest possible spirit. There will be no quibbling unless there is genuine doubt of the legality of a claim.

OLYMPIC CLUB HAS HOME

SAN FRANCISCO, May 1.—The Olympic Athletic Club of San Francisco has secured a lease on the Hobart mansion, situated on the corner of Van Ness avenue and Washington streets. The club will keep this building until its new home is erected. Living rooms will be provided for at least twenty members; shower baths and plunges will also be provided for the general public.

A restaurant will be opened in the house, and will be open to the public as well as the members of the club.

EASTERN NEWSPAPER MAN IS INJURED

E. Griggs, a newspaper man of New York, who is out here writing up the earthquake and its effects, had an experience of his own last evening. His buggy was upset near the Metropole Hotel on Thirteenth street, throwing him out. The upper bone of his arm was broken near the shoulder.

FINDS WIFE.

The husband of Mrs. Mari Dernaitre, whose married name turned out to be Detello, found her yesterday afternoon at the Red Cross Hospital, on directions from Warden Page of the Receiving Hospital. The husband appeared at the Receiving Hospital with their oldest child, a bright boy of nine years, about an hour after she was taken to the Red Cross sick with fever.

LINEMAN HURT.

Eugene Moyles, a lineman aged 26, last evening fell from a wagon on Fourth avenue near the lake, and was badly hurt in the forehead. He was taken to the Receiving Hospital.

TROUBLE IN PARIS

PARIS, May 1, 11:20 a. m.—Owing to an increase of action at the Place La Republique, the troops intervened and a hundred arrests were made. The prisoners were immediately taken before magistrates, who quickly passed upon the cases, and the disturbers of the peace were taken to jail.

12:30 p. m.—The striking printers attempted to march in procession from the Bourse du Travail (labor headquarters), singing a revolutionary song. They attacked the police, who intervened, and the latter were compelled to draw their revolvers. The procession was then broken up.

1:30 p. m.—A squadron of cuirassiers with an ambulance has occupied part of the Place de l'Eterile, facing the Champs Elysee. Detachments of cavalry are patrolling the thoroughfares in the vicinity of the Ministries and the Quay d'Orsay. A police guard has been stationed at the American Embassy.

EXPEL ANARCHISTS.

2:25 p. m.—Many anarchists have been expelled from Paris, including Stephane, Guertzeff and one woman. M. Levy, secretary of the Confederation of Labor, and M. Fromentin, the wealthy anarchist, have been arrested.

Delegates from all trades are assembling at the labor headquarters.

3 p. m.—The Place de la Republique is the scene of continuous arrests. The number of disorderly persons has increased by several thousand. A detachment of 400 infantry has stacked arms on the Place de l'Eterile.

FUNERAL OF JAMES HARRINGTON

In the death of James Harrington, Oakland has lost one of its most promising young men.

James Harrington was a model young man, endeared to his numerous friends by his true, manly character, and devotion to his mother, sisters and brothers who are left to mourn his death.

The funeral took place from the Church of the Immaculate Conception, where a solemn high mass was celebrated by Rev. Father Sesnon.

The funeral service was touching, the deepest sympathy of the good priest was with the grief-stricken family, and his words of comfort and consolation and the prayers offered by him over the grave of the departed one were deeply appreciated by the bereft family.

James Harrington leaves a mother, five sisters, viz: Mary, Katherine, Agnes, Theresa and Mrs. J. A. Fitzpatrick, the latter in Strong City, Kansas, and two brothers, John and George, to mourn his loss. The family reside at 940 Adeline street.

MONEY FOR RELIEF FUND.

Gardner Parker, postmaster at Pownal, Vermont, has sent $5 to the relief fund in this city.

The other members of the committee on inter-oceanic canals might favor a bill to send Senator Morgan on a junketing trip down to Panama, accompanied by William Nelson Cromwell.—Springfield Union.

Notice to Policyholders

Pacific Mutual Life Insurance Company

Grace in payment of Insurance Premiums

To Policyholders of the PACIFIC MUTUAL LIFE INSURANCE CO. and CONSERVATIVE LIFE INSURANCE CO. resident in the San Francisco earthquake zone:

Notice is hereby given that SIXTY DAYS of grace will be allowed for the payment of all life insurance premiums falling due during APRIL, 1906, and MAY, 1906, on policies in force APRIL 18, 1906. All premiums may be paid to the Company at No. 33 Bacon Block, Oakland, or directly to the Company at its own building, No. 327 West Third St., Los Angeles.

COMPANY'S CONDITION.

Actuary S. H. Wolfe, employed by the State of California Insurance Department to examine the Company, says:

"There is no reason why any policyholder of the Pacific Mutual Life Insurance Co., or Conservative Life Insurance Co., should permit his policy to lapse. The security under his contract has not been lessened by the catastrophe. The high standing of the stockholders affords additional security."

NEW BUILDING.

The Company will take immediate steps to erect a substantial modern building upon its Montgomery Street site in San Francisco.

ANNOUNCEMENT.

PAYOT, UPHAM & COMPANY

wish to announce their retiring from business.

ISAAC, UPHAM CO. have taken the good will of **PAYOT, UPHAM & CO.** and have established temporary offices at 777 Bacon Block, Oakland, Cal.

FOOD IS DESIRED

SAN FRANCISCO, May 1.—The general municipal committee has resumed its daily sessions. The reports from the various committees showed a steady improvement in conditions and Mayor Schmitz expresses himself as highly pleased with the work that is being accomplished.

The water question is still a serious one, and but little progress is being made in the restoration of the supply. It is expected that the entire residence district will be connected up by the Spring Valley within a week or ten days. The College Hill, University Mound and other reservoirs are now full of water. Chief Engineer Schussler, of the Spring Valley, announced on Saturday that the supply might be restored if all houses were disconnected for twenty-four hours.

TAKES TIME.

Inspector Dillman informed the Mayor that Schussler had greatly underestimated the task, and that it would take much greater time. Dillman said much friction had been caused by the action of the health authorities who followed the water company men on their rounds and turned on the supply after it had been turned off. Mayor Schmitz said this was done through a misunderstanding, and that hereafter the health authorities would not interfere.

It was announced that as soon as householders repaired their chimneys they should notify the authorities, who would send around inspectors, and if the water supply in the neighborhood was good, stoves might be lighted in such houses at once. Permission was granted the fire underwriters by the Park Commission to establish temporary headquarters in Union Square at once, so that their important business may be transacted.

A committee was appointed by the Mayor to secure drugs for the various hospitals in the city, as their supply is nearly exhausted.

The San Francisco Realty Board announced that it had leased the entire frontage on the east side of Van Ness avenue from Grove to Fulton streets for its new building.

FACE SHORTAGE.

The food question is now the most important one with which the authorities have to deal. According to present indications the people of the city will soon be worse off than they were a week ago. From the reports of the relief committee it was shown that 700 carloads of food had been distributed since the morning of the earthquake, while at the present time there are but 108 carloads of provisions on the way to this city, as shown by the reports of the railroads.

The Mayor said something must be done right away, and that a majority of the people would have to be fed for some time, as they have no money or prospects. He announced it would be advisable to let the world know that rations would soon run short, and solicit such aid as could be obtained. He suggested that all perishable products be purchased here, and that all other supplies be secured as soon as possible from the outside.

GIFT OF $25,000.

Chairman Phelan of the finance committee said he had received no reply from Secretary Taft regarding what disposition was made of the $2,500,000 appropriated by Congress. He announced he had received $25,000 through General Funston, which was a private donation.

Attorney Reinstein, appearing for the committee in charge of beautifying the town, introduced a resolution that a special committee be appointed immediately to look into the matter, as, in his opinion, the work is being neglected. The matter was laid over until next meeting.

SEND MILLIONS TO COVER LOSS

BERKELEY, May 1.—Emslie and Lorenz, Berkeley agents for the Royal Insurance Company of Liverpool, have just been notifiedw of the arrival of $2,500,000, sent from Europe to pay the San Francisco losses held by that company.

Several million dollars more are now on their way across the ocean. This later sum will be used to pay the heavier losses that company sustained.

ALL ABLE-BODIED MEN MUST WORK

SAN FRANCISCO, May 1.—Basing his calculation upon reports received within the past twenty-four hours, General Greely stated this morning that the entire available food supply, including shipments on hand and those en route, would be sufficient for the present population during a period of fifteen days. This reckoning is made upon the rate at which supplies have been consumed since the fire. Under the army ration system that will hereafter prevail, General Greely state his belief that the same amount of food would last twenty-one-days.

"Within the next seventy-two hours," said General Greely, "we shall be obliged to deal with another very serious problem—the question of feeding able-bodied male adults. The difficulty will be to distinguish in the cases of clerks, stenographers, music teachers and others who are actually unable to return an equivalent for a day's wages in hard labor. The men who are able to work will have to find occupation as fast as it is presented."

VETERAN RESERVES TO GUARD BERKELEY

BERKELEY, May 1.—Adjutant-General Lauck of California has sent a detail of twenty men from the Veterans' Reserves of Oakland for guard duty in this city. The soldiers were placed at the disposal of Marshal Vollmer and htey will be stationed for duty in the various portions of Berkeley.

BOY MISSING.

BERKELEY May 1.—The parents of Alfred Farrall, aged 12, visited the police station yesterday afternoon and reported that their son was missing from his home at 2445 Ninth street, West Berkeley. He is said to have left home with a Portuguese boy about 9 years of age.

Farrell is described as a youth of light complexion and has a scar on his forehead. Marshal Vollmer and his deputies will endeavor to locate the missing lad.

IT'S YOUR KIDNEYS

Don't Mistake the Cause of Your Troubles—An Oakland Citizen Shows How to Cure Them.

Many people never suspect their kidneys. If suffering from a lame, weak or aching back they think that it is only a muscular weakness; when urinary trouble sets in they think it will soon correct itself. And so it is with all the other symptoms of kidney disorders. That is just where the danger lies. You must cure these troubles or they lead to diabetes or Bright's disease. The best remedy to use is Doan's Kidney Pills. It cures all ills which are caused by weak or diseased kidneys. Oakland people testify to permanent cures.

C. T. Warren, house painter and painter hanger, of 3008 Eighth street, Berkeley, Cal., says: "I felt the good effects of Doan's Kidney Pills after I had taken a few doses. I used them for kidney complaint which troubled me for a good many years, causing pain in the small of my back, and though I used several kidney medicines none did me the good that Doan's Kidney Pills did. When the pain first attacked me I did not know it was from my kidneys. I would recommend Doan's Kidney Pills to any one."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name Doan's—and take no other.

HUNDREDS OF STORES OPEN

SAN FRANCISCO, May 1.—Business is being rapidly resumed by retail tradesmen of every description throughout the undestroyed sections of the city. George W. Wittman, chairman of the committee on retail trade, reports that the following places of business are open:

Forty-four butchers; 29 restaurants; 22 bakeries, 22 fruit and vegetable stands, 9 dairies, 15 refreshment parlors, 58 groceries, and 71 miscellaneous establishments, including tailors, plumbers, dry goods stores, druggists and cigar stores.

CONSERVATIVES IN MINORITY IN RUSSIA

ST. PETERSBURG, May 1.—The Constitutional Democrats have a clear working majority of seven, 178 members of Parliament belonging to that party thus far having been elected. This, however, by no means represents the strength of the combined opposition to the government, as fifteen members have been elected by the Social Democrats and thirty-seven are classified as Progressives. Besides, the opposition is expected to draw strength from forty-eight members who are classified as independents and from seventeen whose political opinions are unknown. The Conservatives and Reactionists are in a hopeless minority.

FIND SURPLUS IN ENGLISH EXCHEQUER

LONDON, May 1.—Chancellor of the Exchequer Asquith presented the first budget of the new Liberal administration to the House of Commons today, pointing out that the revenue had increased, and a surplus of $17,338,000 had been realized. He announced that the export duty on coal would be completely repealed November 1 and that the duty on stripped tobacco will be reduced by five cents and on tea by two cents on July 1.

A Year of Blood.

The year 1903 will long be remembered in the home of F. N. Tacket, of Alliance, Ky., as a year of blood; which flowed so copiously from Mr. Tacket's lungs that death seemed very near. He writes: "Severe bleeding from the lungs and a frightful cough had brought me at death's door, when I began taking Dr. King's New Discovery for Consumption, with the astonishing result that after taking four bottles I was completely restored and as time has proven permanently cured." Guaranteed for Sore Lungs, Coughs and Colds, at Osgood Bros., Broadway, corner 7th, and Washington, corner 12th. Price 50c and $1.00. Trial bottle free.

Salvation Army Camp Ground With Tents For 500 Open.

Staff Captain Day of the Salvation Army informs us that the Salvation Camp ground at Beulah Park near head of Thirteenth avenue with scores of tents to accommodate 500 people is being got in readiness for the homeless. The big kitchen and range will be at the service of the people. The Holiness Association who manages the ground will do all they can for the poor.

Builds up the waste tissues of the kidneys. Lash's Kidney and Liver Bitters.

Patronize Home Industry.

We will guarantee to save you 40 cents on the dollar in furniture. H. Schellhaas, corner 11th and Franklin streets.

OFFICE OF THE
Assessor of Alameda County

POLL TAX NOTICE

Oakland, March 5, 1906.

Notice is hereby given that the State Poll Tax of two dollars for the year 1906 is now due, and payable at the Assessor's office, room one, Court House, or to a Deputy Assessor.

Sec. 3839 of the Political Code reads as follows:

Every male inhabitant of the State over twenty-one and under sixty years of age, except paupers, insane persons and Indians, must annually pay a Poll Tax of two dollars, provided the same be paid between the

FIRST MONDAY IN MARCH AND THE FIRST MONDAY IN JULY

Then it shall be three dollars.

Sec. 3844 of the Political Code makes it the duty of the Assessor to "demand Poll Tax of every person liable therefor, and on the neglect or refusal of such person to pay, he must collect by seizure and sale of any personal property owned by such person."

Under Sections 429 to 433 every person who refuses to give his own name or the name of any person in his employ, or who in any manner obstructs the Assessor or any of his deputies in the collection of the State Poll Tax, is guilty of a misdemeanor, and liable to a fine of $500 or imprisonment in the County Jail, or both such fine and imprisonment.

Only those persons under twenty-one or over sixty years of age are exempt. Poll Tax must be paid on demand.

HENRY P. DALTON

Assessor of Alameda County.
Oakland, California.

OFFICE OF THE
Assessor of Alameda County

NOTICE TO TAXPAYERS

Oakland, March 5, 1906.

All Persons, Firms, Companies, Corporations and Associations, are required to deliver at the Assessor's office, at the Court House, City of Oakland, County of Alameda, on or before April 1, 1906, a statement, under oath, of all the property, both real and personal, owned or claimed by him, her or them, or in their possession or held in trust for others, at 12 o'clock meridian on the

FIRST MONDAY OF MARCH 1906

In accordance with Sec. 3629, Political Code.

Every person who refuses or neglects to furnish the statement as provided for in Section 3629, Political Code, becomes liable to a fine of one hundred dollars and the value fixed by the Assessor on their property must not be reduced by the Board of Equalization.

All persons owning real estate that has been assessed in the wrong name, or errors have appeared on their tax bills, are requested to call at the Assessor's office or notify the Assessor by mail on or before April 1, 1906, so that the proper corrections may be made on the assessment roll for the year 1906.

ASSESSMENT BLANKS may be obtained at the Assessor's office, room one, Court House, or from any Deputy Assessor.

HENRY P. DALTON

Assessor of Alameda County.
Oakland, California.

NOTICE OF SALE OF REAL ESTATE.

In the Superior Court of the County of Alameda, State of California.

In the matter of the estate of Joseph S. Barry, deceased.

Notice is hereby given that pursuant to an order of the Superior Court of the County of Alameda, State of California, duly given and made on the 18th day of September, 1903, in the matter of the estate of Joseph S. Barry, deceased, authorizing the sale, as a whole or in subdivisions, of certain real estate belonging to said estate, the undersigned, David F. Barry, the administrator of the estate of said deceased, will sell at private sale, on or after May 4, 1906, to the highest and best bidder, upon the following terms: Cash in gold coin of the United States, ten per cent of the bid payable at the time of sale and the balance upon confirmation by the above entitled Court; all the right, title and interest of said Joseph S. Barry, deceased, in and to the following described real estate belonging to the estate of said deceased, either as a whole or in such subdivisions or parcels as purchasers may desire to bid upon:

That certain piece or parcel of land situate, lying and being in the Township of Oakland, County of Alameda, State of California, particularly described as follows, to wit:

Commencing at a point on the easterly line of Shattuck avenue, six hundred (600) feet northerly from the northerly line of Alcatraz avenue; thence running north sixty-two (62) feet to the northwest boundary line of Vicente Peralta Reserve; thence northeast along said boundary line to its intersection with the easterly boundary line of the Barry property; thence southerly along said line to the north line of the property of J. H. Barry; thence west eighty-eight (88) feet; thence north sixty (60) feet; thence west six hundred and thirty-four (634) feet to the point of commencement, containing two and 45-100 (2.45) acres.

Bids or offers for said property, or any subdivision or parcel thereof, must be in writing and will be received and may be left at the law office of Messrs. Reed, Black & Reed, 1104 Union Savings Bank Bldg., in the City of Oakland, County of Alameda, State of California, or delivered to said administrator personally, or may be filed in the office of the Clerk of said Superior Court at any time after the first publication of this notice and before the making of any sale.

Dated April 16, 1906.

DAVID F. BARRY,
Administrator of the Estate of Joseph S. Barry, deceased.

NOTICE TO STOCKHOLDERS OF CUMBERLAND COAL COMPANY.

Notice is hereby given that in pursuance of a resolution and order of the Board of Directors of the Cumberland Coal Company, a corporation, organized and existing under the laws of the State of California, unanimously adopted at a meeting of said Board, duly held on the third day of April, 1906, at the office of said corporation, in the City of Oakland, Alameda County, State of California, a meeting of the stockholders of said corporation is hereby called for, and will be held at the office of said corporation, at Room 6, in the building at 957 Broadway, in the City of Oakland, in said County and State, said place of meeting being at the principal place of business of said corporation and at the place where the Board of Directors usually meets, on Tuesday, the fifth day of June, 1906, at four o'clock in the afternoon of that day, for the purpose of considering and acting upon the proposition to increase the capital stock of said corporation from One Hundred Thousand Dollars, divided into 100,000 shares of the par value of One Dollar each, to Five Million Dollars, divided into 100,000 shares of the par value of fifty dollars each.

The amount to which it is proposed to increase the capital stock is Five Million Dollars.

By order of the Board of Directors.

Oakland, April 3, 1906.

ISAAC N. MILLER JR.,
Secretary of Cumberland Coal Company and of Board of Directors of Cumberland Coal Company.

IMPORTANT
NOTICE TO
VOTERS
REGISTRATION

Office of the County Clerk,
Alameda County, Cal.

NOTICE IS HEREBY GIVEN THAT, IN ACCORDANCE WITH THE PROVISIONS OF CHAPTER 53, STATUTES OF 1899, ALL VOTERS OF ALAMEDA COUNTY MUST APPLY FOR RE-REGISTRATION IN ORDER TO BE ABLE TO VOTE AT THE GENERAL ELECTION IN NOVEMBER, AS EVERY NAME ON GREAT REGISTER WAS CANCELED JANUARY 1ST, 1906.

OWING TO THE FACT THAT THERE IS NO PROVISION OF LAW PROVIDING ASSISTANCE FOR THE CLERK TO REGISTER VOTERS, IT IS IMPORTANT THAT VOTERS SHOULD APPLY FOR REGISTRATION AT ONCE IN ORDER TO EXPEDITE THE WORK.

SUCH RE-REGISTRATION BEGAN ON THE 1ST DAY OF JANUARY AND WILL BE IN PROGRESS AT ALL TIMES UNTIL FORTY DAYS PRECEDING THE NEXT ELECTION IN NOVEMBER.

IN ORDER TO FACILITATE THE WORK OF RE-REGISTRATION, ATTENTION IS CALLED TO THE PROVISIONS OF SECTION 1097, WHICH READS AS FOLLOWS:

Sec. 1097. No person's name must be entered by the Clerk unless:

1. Upon the production and filing of a certified copy of the judgment of the Superior Court directing such entry to be made.

2. If a naturalized citizen, upon the production of his certificate of naturalization, which certificate must be issued ninety days prior to the succeeding election, or upon his affidavit that it is lost and out of his possession, which affidavit must state the place of his nativity and the time and place of his naturalization, together with his affidavit that he has resided in the United States for five years, and in this State for one year next preceding the time of application, and that he would be an elector of the county at the next succeeding election, provided, however, if such naturalized citizen shall have been previously registered as a qualified elector in any of the counties, or cities and counties of this State, his name must not be entered by the Clerk unless he produces a certificate of such registration, issued by the party authorized by law to issue such certificate, which certificate shall be prima facie evidence of his naturalization.

3. If born in a foreign country, upon his affidavit that he became a citizen of the United States by virtue of the naturalization of his father while he was residing in the United States, and under the age of twenty-one years, and that he is or would be an elector of the county at the next ensuing election.

4. In other cases, upon the affidavit of the party that he is or will be an elector of the county at the next succeeding election.

FURTHER NOTICE IS HEREBY GIVEN THAT AFFIDAVITS OF REGISTRATION MUST BE SWORN TO BEFORE THE COUNTY CLERK OR HIS DEPUTIES, AND THAT THEY CAN NOT, OWING TO THE PROVISIONS OF THE NEW REGISTRATION LAW, BE SWORN TO BEFORE ANY OTHER OFFICER.

THE OFFICE OF THE COUNTY CLERK WILL BE, UNTIL FURTHER NOTICE, OPEN FOR REGISTRATION FROM NINE A. M. UNTIL FIVE P. M. EACH DAY, EXCEPT SATURDAYS, ON WHICH DAY OFFICE WILL CLOSE AT 12 M.

JOHN P. COOK,
County Clerk, Alameda County.

Dated March 5, 1906.
(Seal)

NOTICE OF TIME SET FOR PROVING WILL, ETC.

In the Superior Court of the County of Alameda, State of California.

In the matter of the estate of Richard Francis Dowling, also known and described as Richard F. Dowling, deceased.

Notice of time set for proving will, etc.

Notice is hereby given that a petition for the probate of the will of Richard Francis Dowling, also known and described as Richard F. Dowling, deceased, and for the issuance to John L. Dowling of letters testamentary thereon, has been filed in this Court, and that Monday, the 23d day of April, A. D. 1906, at 10 o'clock A. M. of said day, at the Courtroom of Department No. 4 of said Court, at the Court House in the City of Oakland, in said County of Alameda, has been set for the hearing of said petition and proving said will, when and where any person interested may appear and contest the same.

Dated April 11, 1906.

JOHN P. COOK, Clerk.
By A. A. Rogers, Deputy Clerk.
JOHN J. McDONALD, Attorney for

WORKING WOMEN

Their Hard Struggle Made Easier—Interesting Statements by a Young Lady in Boston and One in Nashville, Tenn.

All women work; some in their homes, some in church, and some in the whirl of society. And in stores, mills and shops tens of thousands are on the never-ceasing treadmill, earning their daily bread.

All are subject to the same physical laws; all suffer alike from the same physical disturbance, and the nature of their duties, in many cases, quickly drifts them into the horrors of all kinds of female complaints, tumors, ulceration, falling and displacements or perhaps irregularity or suppression, causing backache, nervousness, irritability and lassitude.

They especially require an invigorating, sustaining medicine which will strengthen the female organism and enable them to bear easily the fatigues of the day, to sleep well at night, and to rise refreshed and cheerful.

How distressing to see a woman struggling to earn a livelihood or perform her household duties when her back and head are aching, she is so tired she can hardly drag about or stand up, and every movement causes pain, the origin of which is due to some derangement of the female organism.

Miss F. Orser, of 14 Warrenton Street Boston, tells women how to avoid such suffering; she writes:

Dear Mrs Pinkham —

"I suffered misery for several years with female irregularities. My back ached, I had bearing-down pains, and frequent headaches. I could not sleep and could hardly drag around. I consulted two physicians without relief, and as a last resort, I tried Lydia E Pinkham's Vegetable Compound, and to my surprise, every ache and pain left me. I gained ten pounds and am in perfect health."

Miss Pearl Ackers, of 327 North Summer Street, Nashville, Tenn., writes:

Dear Mrs. Pinkham —

"I suffered with painful periods, severe backache, bearing-down pains, pains across the abdomen, was very nervous and irritable, and my trouble grew worse every month.

"My physician failed to help me and I decided to try Lydia E Pinkham's Vegetable Compound. I soon found it was doing me good. All my pains and aches disappeared, and I no longer fear my monthly periods."

Lydia E, Pinkham's Vegetable Compound is the unfailing cure for all these troubles. It strengthens the proper muscles, and displacement with all its horrors will no more crush you.

Backache, dizziness, fainting, bearing-down pains, disordered stomach, moodiness, dislike of friends and society —all symptoms of the one cause—will be quickly dispelled, and it will make you strong and well.

You can tell the story of your sufferings to a woman and receive helpful advice free of cost. Address Mrs Pinkham, Lynn, Mass. The present Mrs. Pinkham is the daughter-in-law of Lydia E. Pinkham and for twenty-five years she has, under her direction and since her decease, been advising sick women free of charge.

Lydia E. Pinkham's Vegetable Compound Succeeds Where Others Fail.

HAVE FAITH IN FUTURE OF SAN FRANCISCO

The following article appeared in the Washington Times of April 25:

"California's delegation in Congress has faith in the future of the new San Francisco. The people of the Golden Gate State have not lost heart. San Francisco will be rebuilt without delay. The city that will spring up out of the now smouldering ruins will be far more beautiful, more substantial and more energetic than was the city that fell as the result of the fearful earthquake of last Wednesday morning."

Thus spoke Senators Perkins and Flint to a Times reporter today. On the House side similar expressions of opinion were advanced. Now that the worst is over Californians, they say, will begin to prepare for the clearing away of the ruins and erecting in their stead buildings that will be in every sense of the word, a tribute to the faith that has heretofore been placed in the metropolis of the Pacific coast.

Private advices received by Senator Perkins have encouraged him to a great extent. He believes now that conditions were not as bad as were first reported. So far as can be ascertained nearly all the government's buildings have been saved. The vaults of the banks have been discovered to be intact. The hall of records in which was stored the record of deeds to San Francisco property escaped the fire. This will enable the speedy rebuilding of the important seaport on the Pacific.

GOVERNMENT TO SET THE PACE.

"What we now want is to have the Federal Government set the pace in rebuilding," said Senator Perkins today. "The Government has not been a heavy loser. The postoffice building, I understand, has been saved, the mint escaped the fire and every bank vault is intact. If the Government will set the pace, and I have been given assurance that it will, the people of San Francisco will follow suit.

"I advocate the building of a joint army and navy building for a storehouse in the Presidio. It would offer the people of San Francisco some protection against such an ordeal as they have passed through in the past few days. The new San Francisco that will be built, though, will be built along modern lines. A severe lesson has been taught us, though it was expected that should a fire get under way there it would cause such a loss as has been sustained. San Francisco was only a young city. It was built mostly of inflammable material. For some time the wooden structures were being weeded out, and in their place steel structures were erected.

"The earthquake would, under ordinary circumstances, have only caused a limited loss, but the fire that followed is what has caused the great loss both in lives and in money. San Francisco has shown her mettle, and the new city that will arise will justify the design of the official seal, 'Oro en paz, hiero en guerra,' or 'Gold in Peace, Iron in war.'"

SENATOR FLINT ENTHUSIASTIC.

Senator Flint is perhaps more enthusiastic as to the future of the new San Francisco. He had a long talk with President Roosevelt regarding the rebuilding of the Federal building in the destroyed city. Tomorrow the President will send a message to Congress urging the rapid reconstruction of all Federal buildings and such additional ones as may be required. He will ask Congress to appropriate $1,500,000 to build a joint army and navy repository for supplies.

"It was not the result of the earthquake so much that San Franciscoans suffered from," said Mr. Flint, "it was the effects of the fire that followed. What San Francisco will do when it gets the debris cleared away will be to supplant the present inadequate water system with one that will be more get-at-able on such an occasion as this one has been. In less than a year there will be a new San Francisco. Secretary Shaw has made arrangement to supply all the money banks in the city need and from present indications the outlook for overcoming the dreadful calamity is decidedly bright.

"Congress has increased the House appropriation of Saturday to $1,500,000. In all other respects we could not ask for better responses than the people of the country have made. Californians are grateful. They have faith in their city and in the people of the country at large."

BY REPRESENTATIVE J. R. KNOWLAND.

"My confident belief is that the fire will ultimately be recognized as a benefit to San Francisco. Fire has never ruined an American city, without exception they have risen better and stronger from the ashes. In San Francisco there is especial reason why good should come about, because this fire has cleaned out the pest hole of Chinatown. There will never again be such an institution in San Francisco as it was. The section of the city that ought to be the best and most productive business property is cleared away, and fine buildings will take the places of shacks reminiscent of the days of the forty-niners. You must remember this is the seventh time San Francisco has been leveled by fire, and each time the rebuilding began before the ashes were fairly cold."

BY REPRESENTATIVE JAMES C. NEEDHAM.

"There is no question about the future of the city. It is as secure as it was before the fire. When they have done going through the ruins it will be shown that practically all the damage was by fire. We have already had reports amply confirming this. Earthquake need have no more terrors for San Francisco, because it has been proved that the modern steel-frame building is safe. The new San Francisco will be earthquake proof.

"The city has long been recognized as a fire trap. The New York board of underwriters last year went out there, looked it over, and condemned it as such. The city will be immediately rebuilt, and the rebuilt city will be on splendid lines, secure alike against the danger of either earthquake or conflagration. Chinatown will be cleared out, and its area, restored to uses of legitimate business, will add immensely to the city. The reports today show very clearly that the damage to many of the great buildings has been only partial, in many of them it will prove to have been comparatively slight. There is no question about the restoration of many and the rebuilding of the rest."

BY REPRESENTATIVE SYLVESTER C. SMITH.

"I have just received the first edition of the OAKLAND TRIBUNE, published last Wednesday after the disaster visited San Francisco. It indicates that the right across the bay they didn't know any more about what had really happened than we did here, and didn't know it any earlier. The damage was frightfully exaggerated, as well as the loss of life. You will observe that ever since we have been getting real reports, their tendency has been constantly to reduce the proportions of the disaster. This is very reassuring to me, it means that when we know all about it we will see that there is still left a good basis of construction for the new city. Business will be resumed in wonderfully short order, and San Francisco, of course, will be restored and will be a greater city than ever before."

BY REPRESENTATIVE JAMES NORRIS GILLETT.

"The future of San Francisco is just as secure as it was before the earthquake, and anybody who knows California, and the Californians, knows that it is. It is one of the wealthy cities of the country. We know now that it was not the earthquake that wrecked the city, but the fire. There has never been an earthquake on that coast which could have done serious damage to a city of the modern steel construction such as will now go up. San Francisco was just in process of the rebuilding that would in a few years more have substituted this sort of buildings for the old-fashioned ones. That rebuilding will now proceed faster than ever. The new San Francisco will be built to be the most modern and the most beautiful and the safest city on the Pacific."

Piles Cured Quickly at Home

Why Suffer Agony Any Longer When You Can Get a Quick, Sure Cure for Your Piles by Simply Sending Your Name and Address.

Trial Package Is Sent Absolutely Free, in Plain Wrapper, to Every one Who Writes.

Surgeons themselves consider a permanent cure for piles by a surgical operation as very doubtful, and resort to it only when the patient has become desperate from long continued pain and agony. But the operation itself is every bit as excruciating and nerve-racking as the disease. Besides, it is humiliating and expensive, and rarely a success.

The wonderful Pyramid Pile Cure makes an operation unnecessary. You cure yourself with perfect ease, in your own home and for little expense.

Pyramid Pile Cure gives you instant relief. It immediately heals all sores and ulcers reduces congestion and inflammation and takes away all pain, itching and irritation. Just a little of the treatment is usually sufficient to give a permanent cure.

Pyramid Pile Cure is prepared in the form of suppositories, so that they can be applied directly to the parts without inconvenience, or interrupting your work in any way.

We are sending a trial treatment free of charge, to everyone who sends name and address. We do this to prove what we say about this wonderful remedy is true.

After you have tried the sample treatment, and you are satisfied, you can get a full regular-sized treatment of Pyramid Pile Cure at your druggist's for 50 cents. If he hasn't it, send the money and we will send you the treatment at once, by mail, in plain sealed package.

Send your name and address at once for a trial of this marvelous, quick, sure cure. Address Pyramid Drug Co., 4049 Pyramid Building, Marshall, Mich.

ENGINEERS OFFER TO AID IN REBUILDING

SAN FRANCISCO, May 1.—The American Society of Civil Engineers has sent the following offer of assistance to Mayor Schmitz of San Francisco:

"To the Mayor of the City of San Francisco—Your Honor: At meetings of the San Francisco Association of the members of the American Society of Civil Engineers and of the Technical Society of the Pacific Coast, held on Saturday, April 28, it was resolved that an offer be made to your honor of the expert assistance of the members of these organizations, including civil, mechanical, electrical and mining engineers, to aid you in an advisory capacity in any way you may desire in the reconstruction of San Francisco.

"The scope of the expert advice covered by the members of these associations embraces practically all that is necessary for the development of a new and safe city.

"Many plans have been tentatively presented which may be of high value if properly elaborated and brought into proper relation to each other.

"The members volunteer their services to your honor, and will be glad to assist any of your committees and the city engineer in the arduous and extensive work of rehabilitating the burned portion of the city.

"To ascertain the best form of building construction to resist earthquakes and fires, also to study the effect of the earthquakes on water pipes, sewers, etc., committees have been appointed and are now investigating the effects of the catastrophe on the various structures.

"As your honor may remember, the three undersigned representatives of these associations made you this offer verbally both on Saturday afternoon and on this morning at the committee meeting at Franklin Hall.

"Edwin Duryea Jr., President S. F. Ass'n Am. Soc. C. E.; Otto Von Geldern, Secretary Technical Society, member S. F. Assn' Am. Soc. C. E.; Captain William W. Harts, member S. F. Ass'n Am. Soc C. E., member Technical Society.

"San Francisco, Cal., April 30, 1906."

STUDENT SOLDIER'S WOUND IS HEALING

BERKELEY, May 1.—I. P. Aten, the student cadet who was shot by the regulars in San Francisco when he was in the act of destroying some liquors, is reported as mending, but it will be weeks before the injured man will be able to leave the Presidio Hospital, where he was taken immediately after he was shot. The thigh bone was shattered and if it knits recovery will be rapid, but if it doesn't amputation will be necessary.

Young Aten was stationed with the university cadets in the Western Addition of San Francisco. While obeying the order to keep men out of saloons and destroy all the liquor found in them, he and his companions were fired on by a squad of regulars coming down Fillmore street and Aten was struck in the thigh by a bullet. Luckily the rest of the cadets escaped injury.

AWAITING WORK.

Women's Free Employment Office of General Relief Committee of Oakland, to Employers: We have awaiting work four capable stenographers and bookkeepers, a large number of cooks and second girls and nurses; also seamstresses and general helpers. Women for ranches, hotels and restaurants—in short, any one wanting help can find capable help by calling at Thirteenth and Washington streets, Masonic Temple. Phone Oakland 3604.

NO MEMORIAL DAY EXERCISES

The General Memorial Day Committee, G. A. R., met Saturday evening, April 28, at the council chambers, and by a unanimous vote decided not to have any parade or Memorial Day exercises on the 30th of May, owing to the sad bereavement inflicted upon our fair State by the earthquake and fire, causing many deaths and deep sorrow to hundreds of thousands of our citizens.

Having accepted an invitation to attend divine services at the Fourth Congregational Church, corner Thirty-sixth and Grove streets, Sunday evening, May 27, to which all are invited, the committee adjourned sine die, subject to the call of the secretary for a new Memorial Day committee for the year 1907.

Famous Strike Breakers.

The most famous strike breakers in the land are Dr. King's New Life Pills. When liver and bowels go on strike, they quickly settle the trouble, and the purifying work goes right on.
